ARMY AIR FORCES STOCK CLASSIFICATION 24-A

NOTICE: When Government drawings, specifications, or other data are used for any purpose other than in connection with a definitely related Government procurement operation, the United States Government thereby incurs no responsibility, nor any obligation whatsoever; and the fact that the Government may have formulated, furnished, or in any way supplied the said drawings, specifications, or other data is not to be regarded by implication or otherwise as in any manner licensing the holder or any other person or corporation, or conveying any rights or permission to manufacture, use, or sell any patented invention that may in any way be related thereto.

NOTICE: This drawing was approved by field action of the War and Navy Departments as the drawing of standard for this service. This drawing supersedes all antecedent standards for the item covered thereby. Any person having information as to any infringement of patent rights in connection with the use of this drawing should communicate such information to the Bureau of Aeronautics, Navy Department, Washington, D.C. Such information will be treated in confidence. It may be put into effect, however, at any earlier date after promulgation.
