MIL-W-8005E
AMENDMENT 2
30 Apr 82

SUPERSEDING
AMENDMENT 1
18 FEBRUARY 1976

MILITARY SPECIFICATION

WHEELS AND HUBS FOR INDUSTRIAL PNEUMATIC TIRES

This amendment forms a part of Military Specification MIL-W-8005E, dated 27 September 1965, and is approved for use by all Departments and Agencies of the Department of Defense.

Page 1

2.1 Add: "MIL-C-0083933A(MR) Corrosion Preventive Compounds Cold Application (for Vehicles)."

Page 4

3.3.1 Add: "Protective Treatment. Wheels and rims shall be suitably protected against corrosion. This shall include selection of fabrication materials to resist corrosion, primer coat and top coat of corrosion resistant paint, and a corrosive preventive compound selected from MIL-C-0083933A(MR)."

3.5.1 Last sentence: Delete period, and add "as specified."

Page 5

3.5.2 Add at end: "The hubs shall be of steel, cast iron, or aluminum alloy as specified."

Page 11

4.4.1 Add the following sentence: "Particular attention shall be given to inspection of the paint and corrosion preventive compounds. Failure to properly paint or protect against corrosion shall be basis for rejection."
