INTERIM AMENDMENT

TO

FEDERAL SPECIFICATION

THREAD, SILK

This interim amendment was developed by the U.S. Army Natick Laboratories (GL), Natick, MA 01760, based upon currently available technical information. It is recommended that Federal Agencies use it in procurement and forward recommendations for changes to the preparing activity at the address shown above. The General Services Administration has authorized the use of this interim amendment as a valid exception to Federal Specification V-T-301D dated April 22, 1971.

PAGE 3
