TIER II ADOPTION NOTICE

SAE TA-STD-0017, "Product Support Analysis," dated April 2023 was adopted on 22 AUG 2024, for use by the Department of Defense (DoD). This standard was originally issued by TechAmerica but is now published by SAE International. Proposed changes by DoD activities must be submitted to the DoD Adopting Activity: U.S. Army Materiel Command, Logistics Data Analysis Center (LDAC), Building 4400, Martin Road, Redstone Arsenal, AL 35898-7466 ATTN: Logistics Data Standards (AMLD-LSE). Copies of this document may be purchased from SAE International, 400 Commonwealth Drive, Warrendale, PA 15096-0001. https://www.sae.org.

This standard establishes general requirements and provides a description of specific activities performed to define the Product Support Analysis (PSA) process throughout the life cycle of a product, system, or equipment. PSA, additionally, defines the support structure for current and future products, systems, and end items. SAE TA-STD-0017 is a new and improved replacement for the cancelled MILSTD-1388-1A.
