NOTES

1. MATERIAL Steel, type I, form 1 (forged), class 2, in accordance with procurement specification.
2. PROTECTIVE COATING Zinc coated (hot-dip galvanized) in accordance with procurement specification.
3. THREADS The threads shall be in accordance with Screw-Thread Standards for Federal Services, Handbook H28.
4. DIMENSIONS All dimensions are in inches unless otherwise specified.
5. PART NUMBER. The MS part number consists of the MS number, plus the dash number. Example: MS27954-1.
6. Recommended working load (safety factor 5 to 1) based on breaking strength at thread root.
7. Referenced documents shall be of the issue in effect on date of invitations-for bid.
8. For design feature purposes, this standard takes precedence over procurement documents referenced herein.
9. When turnbuckle bodies of this standard are to be used to replace those of Drawing EEDX, the end pulls are also to be changed commensurate with thread and "take-up" of bodies.
(B) * 10. Dash numbers 25, 26 and 27 are inactive for new design. No longer manufactured.

REVIEWER EL, IS, ME, MI, NSA, 85
LSER AS, AT, MC, OS, 1D

This military standard is mandatory for use by all Departments and Agencies of the Department of Defense. Selection for all new engineering and design applications and for repetitive use shall be made from this document.
