Section 5: Delete in its entirety and add the following:

"5. PACKAGING

5.1 Interplant shipment (see 6.3). The pump shall be unit packed and packed to provide adequate protection from physical damage from the supply source to the first receiving activity for immediate use or further processing. Shipping containers shall be in compliance with rules and regulations applicable to the mode of transportation. Marking shall be in accordance with FED-STD-123, and shipping containers shall include the contractors name, address, contract number, and date of manufacture.

5.2 Repair parts. When the item is being procured for storage and issue as a repair part, preservation, unit packing, packing and marking shall be as specified in SPI P5-45-2835."

6.2(b): Delete "Level of preservation, packaging and packing required." and substitute "Level of preservation, unit packing and packing required."

6.2(c): Delete "Preproduction" and substitute "Whether interplant shipment or repair parts packaging is required."

6.2: Add new subparagraph as follows:

"(d) Preproduction."

6.3: Add new paragraph as follows:

"6.3 Interplant shipment. Packaging and packing for interplant shipment is for supplies and materials that do not enter the military supply system. Typical interplant shipments are shipments from a vendor to a subcontractor or a prime contractor, or from a subcontractor to a prime contractor, or from a vendor to contractor to a military arsenal or plant."
