CANCELLED

CANCELLED AFTER 9 OCT 1991

NO SUPERSEDING STANDARD

MATERIAL: Bags shall be made of 3-mil transparent polyethylene.

DESIGN: The bag shall be gas-sterilized and may be marked with waterproof felt pen or marker. They shall have a combination of tape and double-wire frame on top of both sides to hold them open for easy filling. For closing, the bag should be whirled over wire tape three times, bend tabs over to lock shut. A handy pull tab should be provided for easy opening.

MS36363-5 and -8 shall be wide-mouth bags and MS36363-9, -10 and -11 shall have a write-on area that will accept ball-point pen or pencil.

NOTES: Items differing from this Military Standard by minor variations in design or dimensions are considered standard under this document, provided such variations do not affect performance and are not in conflict with the material requirements specified herein.
