MIL-STD-1167B
NOTICE 1
8 October 1968

# MILITARY STANDARD

# AMMUNITION DATA CARDS

TO ALL HOLDERS OF MIL-STD-1167B:

1. The following pages of MIL-STD-1167B have been revised and supersede the pages listed:

| New Page | Dated | Superseded Page | Date |
|---|---|---|---|
| 9 | 8 October 1968 | 9 | 1 February 1968 |
| 16 | 8 October 1968 | 16 | 1 February 1968 |

2. Retain this Notice and insert before the table of contents.

3. Holders of MIL-STD-1167B will verify that page changes indicated above have been entered. This notice (notice page 1) will be retained as a check sheet. This issuance, together with appended pages, is a separate publication. Each notice is to be retained by stocking points until the Military Standard is completely revised or cancelled.

Check the source to verify that this is the current version before use.

(2) Use of alternative design or materials.
(3) Change in source of subcontracted parts.
(4) Description of any unusual or important methods of inspection.
(5) Serial numbers of item.-When the items in the lot are serially numbered, list the serial numbers of all items included in the lot.
(6) Description of method of rework or renovation used to rework, rejected or unserviceable lots.

(e) All required data pertaining to each lot of ammunition (includes shells, grenades, mines, bombs, pyrotechnics, and missiles, together with projectiles such as bullets, shots and necessary primers, propellants, fuzes and detonators) not normally listed in the previous spaces can be listed in the remarks space.

3.5 Distribution of Data Cards.-The distribution of data cards shall be made in accordance with the instructions furnished by the procuring installation, and, in addition, as follows:

3.5.1 A copy of all data cards for the Army and data cards for items procured for the Army by the Navy and Air Force shall be forwarded to Commanding Officer, ATTN: AMXBR-XSG, Aberdeen Proving Ground, Aberdeen, Maryland, 21005.

3.5.1.1A copy of all data cards for the Army and for items procured for the Army by the Navy and Air Force for all Munitions Command end items, metal parts, and components, (includes supply classes II, IV and V) shall be forwarded to the Commanding General, U. S. Army Ammunition Procurement and Supply Agency, ATTN: SMUAP-REI, Joliet, Illinois, 60436.

3.5.2 A copy shall also be forwarded immediately to the procuring activity.

3.5.3 A copy of all data cards for items procured by the Air Force shall be forwarded to Ogden Air Material Area, ATTN: COYI, Hill Air Force Base, Utah, 84401, for the master files.

3.5.4 If the lot is ballistically tested, the Government inspector will forward two copies of the data card to the proving ground with the ballistic sample (marked as indicated in space 25 (b) (2)) and hold the other copies until he learns the results of the ballistic test. Then he can enter the final disposition of the lot on these latter copies (see 3.5.1).

3.5.5 When a lot is rejected, the data cards for the lot shall be immediately distributed to the procuring activity, the Government inspector, the contractor and proving ground. (If a rejected lot is later waived, the full distribution required shall be made and it shall be indicated that the lot shall be accepted.)

3.6 Lot numbering assignments.-Lot numbering assignments shall be in accordance with Standard MIL-STD-1168
