PAGE 8 (cont'd)

Add new paragraph 3.2.1 and 3.2.2 as follows:

"3.2.1 Initial production testing sample. When specified (see 6.2), the supplier shall furnish a sample for initial production inspection and approval (see 4.2.1 and 6.8).

3.2.2 Inspection comparison testing sample. When specified (see 6.2), the supplier shall furnish a sample for comparison inspection and approval (see 4.2.2 and 6.9)."

3.3.1, line 1. Delete "preproduction sample" and substitute "first article".

PAGE 13

3.4.13, line 2, after "pine". Insert "maple or birch".

PAGE 23

3.9 Delete and substitute:

"3.9 Performance. The completely assembled dough mixing and make-up outfit shall properly mix, divide, and mold one full load of not less than 500 pounds of straight sheet dough without evidence of malfunction or failure when tested as specified in 4.4.3."

PAGE 25

4.2 Delete and substitute:

"4.2 First article inspection. When a first article is required, the dough mixing and make-up outfit shall be examined for the defects in table I, dimensions specified and tested as specified in 4.4.1, 4.4.2 and 4.4.5. The presence of any defect or any dimension not as specified, or failure of any test shall be cause for rejections of the first article."

Add new paragraphs 4.2.1 and 4.2.2 as follows:

"4.2.1 Initial production sample inspection. When an initial production sample is required, the dough mixing and make-up outfit shall be examined for the defects in table I, dimensions specified and tested as specified in 4.4.1, 4.4.2, 4.4.3 and 4.4.5. The presence of any defect or any dimension not as specified, or failure of any test shall be cause for rejection of the initial production sample.

PAGE 25 (cont'd)

4.2.2 Comparison sample inspection. When a comparison smaple is required, the dough mixing and make-up outfit shall be examined for the defects in table I, dimensions specified and tested as specified in 4.4.1, 4.4.2, 4.4.3 and 4.4.5. The presence of any defect or any dimension not as specified, or failure of any test shall be cause for rejection of the comparison sample."

PAGE 28

4.3.4.3, line 3. Delete "no preproduction sample is" and substitute "a first article is not".

PAGE 29

4.4.3. Delete and substitute:

"4.4.3 Performance test. Connect the dough mixing and make-up outfit to the applicable electric power and to hot and cold water sources and operate the outfit in accordance with the operating cycle instructions of TM-10-7360-201-10. The ingredients required to produce 500 pounds of molded doughs conforming to the straight field bread dough formula of TM-10-410 shall be fully processed. Dough molds shall be weighed to determine compliance with the performance requirements of 3.9. Preventative maintenance services as specified in TM 10-7360-201-10 for before, during and after operation for mixing and make-up machinery shall be performed. During the test the outfit shall be observed for evidence of malfunction or failure to determine compliance with the performance requirements of 3.9. Any nonconformance with specified requirements shall constitute failure of this test."

PAGE 34

6.2 Delete and substitute:

"6.2 Ordering data. Purchasers should exercise any desired options offered herein, and procurement documents should specify the following:

6.2.1 Procurement requirements.

(a) Title, number and date of this specification.
(b) When a first article is required (see 3.2, 4.2, and 6.7).
(c) When initial production testing sample is required (see 3.2.1, 4.2.1 and 6.8).
(d) When inspection comparison testing sample is required (see 3.2.2, 4.2.2 and 6.9).

Source: https://assist.dla.mil -- Downloaded: 202610-21T21:32Z
Check the source to verify that this is the currentversion before use.

(e) Registration number to be furnished contractor (see 3.11).
(f) Source of Government furnished property (see 3.13).
(g) When procurement is for Marine Corps (see 3.4.29.2).
(h) Selection of applicable levels of preservation and packaging (see 5.1)."

Add new paragraph 6.4 as follows:

"6.4 Contract data requirements. Any data items to be delivered under any contract for items covered by this specification should be specifically called for in the contract in accordance with the applicable regulations of the procuring activity."

Delete paragraphs 6.7 and 6.8 and substitute new paragraphs 6.7, 6.8, 6.9, and 6.10 as follows:

"6.7 First article. When a first article is required it shall be inspected and approved under appropriate provisions of ASPR 71-104.55. The contracting officer should specify the appropriate type of first article and the number of units to be furnished. The contracting officer should include specific instructions in all procurement instruments regarding arrangements for inspection and approval of the first article.

6.8 Initial production test. When an initial production test sample is required, the contracting officer should include specific instructions in all procurement instruments regarding arrangements for inspection and approval of the initial production test sample.

6.9 Inspection comparison test. When a comparison test sample is required, the contracting officer should include specific instructions in all procurement instruments regarding arrangements for inspection and approval of the comparison test sample.
