MIL-M-83329B(USAF)
Amendment 3
24 Apr 80

SUPERSEDING
Amendment 2
8 August 1973

MILITARY SPECIFICATION

MODIFICATION KIT, LIQUID FUEL
FILTER-SEPARATOR KMU-417/F

This amendment forms a part of Military Specification
MIL-M-83329B(USAF) dated 6 February 1973

Page 1, paragraph 2.1, military specifications: Add:

"MIL-C-10387 Coupling, Clamp, Pipe; with Bolts and Synthetic-Rubber Gasket for Grooved-End Pipe and Tube".

Page 2, paragraph 3.3.1.1, line 8: Add "See figure 3."

Page 4, figure 2, inside diameter: Delete "29 DIA" and substitute "28 DIA".

Add figure 3. Figure 3 forms page 3 of this amendment.

Page 5, paragraph 3.3.1.4: Delete and substitute:

"3.3.1.4 Filter (coalescer) element manifold assembly. The filter element manifold assembly shall be designed to accept 30 elements conforming to MIL-F-52308. It shall be provided with either 15 or 30 element mounting tubes depending upon whether the elements will be single or double stacked. The mounting tubes shall be welded or permanently sealed to the inlet manifold. The design shall be self-contained so it can be installed, assembled, and connected by removal of the front closure plate. Internal pipe connections shall be aluminum alloy and shall conform to MIL-C-10387, or equal. Manifold support braces shall be provided as necessary to secure the assembly during operation. Typical design requirements are shown on figure 3."

Page 6, Add new paragraph

*"3.9 Reclaimed Materials. Recycled and recovered raw materials shall be used to the maximun extent possible in lieu of virgin raw materials as long as these materials do not jeopardize the intended use and fully comply with all contract requirements. Materials used shall be free from defects which would adversely affect the performance or maintainability of individual components or the overall assembly. Materials not specified herein shall be of the same quality used for the intended purpose in commercial practice. None of the above shall be interpreted to mean that the use of used or rebuilt products will be allowed."
