COMMERCIAL ITEM DESCRIPTION

COATING COMPOUND, BITUMINOUS, FILLERS, SOLVENT TYPE, ALUMINUM PIGMENTED

The General Services Administration has authorized the use of this commercial item description, for all federal agencies.

1. This Commercial Item Description covers an aluminum pigmented asphalt coating for use on new roofs and in the repair and coating of asphalt and metal roofing. The coating shall conform to the requirements for Aluminum Pigmented Asphalt Roof Coating as specified in the latest edition of ASTM D 2824 that is in effect on the date of contract or order.

2. Regulatory requirements. The offeror/contractor is encouraged to use recovered materials in accordance with Public Law 94-580 to the maximum extent practicable.

3. Preservation, packaging, packing, labeling, and marking. Preservation, packaging, packing, labeling, and marking shall be as specified in the contract or order.

4. Contractor Certification: The contractor shall certify and maintain substantiating evidence that the product offered meets the salient characteristics of this Commercial Item Description, and that the product conforms to the producer's own drawings, specifications, standards, and quality assurance practices. The government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

5. Copies of ASTM specifications or standards may be obtained from the American Society for Testing and Materials, 1916 Race Street, Philadelphia, PA 19103-1187.

PREPARING ACTIVITY:

GSA - FSS

Beneficial comments, recommendations, additions, deletions, clarification, etc., and any data which may improve this document, should be sent to: GSA, Paints and Chemicals Commodity Center, 400 15th Street S W Auburn WA 98001

DISTRIBUTION STATEMENT A: Approved for public release. Distribution is unlimited.
