COMMERCIAL ITEM DESCRIPTION

HOLDER, NAMEPLATE, DESK, WOOD

The General Services Administration has authorized the use of this commercial item description by all federal agencies and will replace Specification AA-H-540 which has been canceled.

1. **Scope:** This commercial item description covers wood nameplate holders complete with plastic nameplate cover.

2. **Salient Characteristics:**

2.1 The holder shall be made of hardwood suitable to the manufacturing process and capable of taking an acceptable finish, as specified in paragraph 2.3. The wood holder shall be of the dimensions delineated by figure 1 with an allowable tolerance of ± 16 cm (1/16) inch except as otherwise specified. The color shall be walnut.

2.2 The flexible transparent strip which covers the nameplate shall be in accordance with Federal Specification L-P-504, type I. The nominal dimensions of the plastic nameplate cover shall be 23.8 cm (9 3/8) inches long by 3.3 cm (1 5/16) inches wide and .10 cm (0.040) inch nominal thickness.

2.3 The holder design and construction shall be in accordance with the details shown in figure 1. All surfaces, except the nameplate slot, shall be sanded smooth. Corners shall be eased, except those at the ends of the nameplate slot. The nameplate slot shall be free of roughness which would hamper insertion of the nameplate and plastic cover.

2.4 **Finish.** The nameplate holder shall be stained with a non-grain raising wood stain of a solvent-dye type conforming to commercial item description A-A-2850. If the material is open grained hardwood, filler conforming to TT-F-336 shall be applied to all surfaces. The holder shall be given one coat of lacquer conforming to commercial item description A-A-2339.

2.5 **Workmanship.** The finished holder shall be smooth and free from runs, cracks, or other defects which may affect appearance or serviceability.

Beneficial comments, recommendations, additions, deletions, clarifications, etc. and any data which may improve this document should be sent to General Services Administration, Federal Supply Service, Engineering Branch, 26 Federal Plaza, New York, NY 10278.

3. **Regulatory Requirements:** The offerer/contractor is encouraged to use recovered materials to the maximum extent practicable, in accordance with paragraph 23 403 of the Federal Acquisition Regulation (FAR)

4. **Quality Assurance Requirements:**

4.1 **Product Conformance.** The products provided shall meet the salient characteristics of this commercial item description, conform to the producer's own drawings, specifications, standards and quality assurance practices and be the same product offered for sale in the commercial market The government reserves the right to require proof of such conformance

5. **Packaging:**

5.1 Preservation, packing, and marking shall be specified in the contract or order

6. **Notes:**

6.1 **Source of Documents.** Issues of the following documents, in effect on the date of invitation for bids or request for proposal form a part of this document to the extent specified herein

6.1.1 Federal Acquisition Regulation (FAR) may be obtained from the Superintendent of Documents, Government Printing Office, Washington DC 20402

6.1.2 Federal Standards and Specifications may be obtained from the General Services Administration Specifications Section (3FBO-W) in Suite 8100 at 490 L'Enfant Plaza, SW Washington DC 20407

6.2 **National Stock Number Listing (NSN).** The following is a list of nsn's assigned which correspond to this CID The list may not be indicative of all possible nsn's associated with the CID
