COMMERCIAL ITEM DESCRIPTION

TOWEL, MACHINERY WIPING

The General Services Administration has authorized the use of this commercial item description by all federal agencies.

1. SCOPE

1.1 Scope. The towels covered by this commercial item description (CID) are 100% cotton wiping towels which are intended for heavy-duty wiping of water, oil and grease with normal cleaning solutions, and are intended to be washable and reusable.

2. SALIENT CHARACTERISTICS

2.1 Material. The cloth shall be 100% cotton with a plain weave. The cloth shall meet the physical characteristics of table I.

Table I. Physical characteristics.

Characteristics	Value	Test Method of FED-STD-191
Weight	153 g/m^2 minimum	5041
Yarn count		
Warp direction	28 yarns minimum	5050
Filling direction	18 yarns minimum	5050
Breaking strength		
Warp direction	133 N minimum	5100
Filling direction	222 N minimum	5100

2.2 Nonfibrous material content. The starch and protein content including chloroform-soluble and water-soluble material of the finished towels shall not exceed 12 percent when tested in accordance with FED-STD-191 Method 2611.

2.3 Finish. The finished towels may be bleached or unbleached.

2.4 Size. Unless otherwise specified the finished towels shall have a surface area of no less than 1916 cm^2, with a minimum side dimension of 38 cm.

2.5 Hems and selvages. All cut edges of the towel, except for a selvage on one side, shall be overedged stitched to prevent raveling. There shall be no raw edges. Thread used for stitching shall be 100% cotton.

2.6 Workmanship. The towels shall be clean, absorbent, and free from defects which may affect appearance or serviceability.

2.7 Commercial item. The use of the term "commercial item description" in this document does not imply that any item or items offered are not required to conform with all requirements specified herein.

Beneficial comments, recommendations, additions, deletions, clarifications, etc. and any data which may improve this document should be sent to: General Services Administration, Engineering Group (7FXEB), 819 Taylor Street, Fort Worth, TX 76102

DISTRIBUTION STATEMENT A: Approved for public release, distribution is unlimited.

3. REGULATORY REQUIREMENTS

3.1 Regulatory requirements. The offeror/contractor is encouraged to use recovered materials to the maximum extent practicable, in accordance with paragraph 23.403 of the Federal Acquisition Regulation (FAR).

4. QUALITY ASSURANCE PROVISIONS

4.1 Product conformance. The products provided shall meet the salient characteristics of this CID, shall conform to the producer's own drawings, specifications, standards, and quality assurance practices, and shall be the same product offered for sale in the commercial market. The government reserves the right to require proof of such conformance.

5. PACKAGING

5.1 Packaging. Packaging, packing, and marking shall be as specified in the contract or order.

6. NOTES

6.1 Ordering data. Purchases should select the preferred options permitted herein and include the following information in procurement documents:

a. Title, number, and date of this CID
b. Size (only if different from specified).
c. The packaging, packing and marking desired

6.2 National Stock Number (NSN): The only known NSN utilizing this CID is NSN 7920-00-260-1279.

6.3 Referenced documents. Copies of Federal Standards are available from the Federal Supply Service Bureau, Specifications Section, 470 East L'Enfant Plaza, Washington, DC 20407.
