3. REQUIREMENTS

3.1 Material. Shall be in accordance with the tests, standards, and requirements of the USP, including any supplements or revisions thereto.

3.2 Delivery. Not more than 6 months shall have elapsed from the date of manufacture of the alcohol to the date of delivery to the Government.

3.3 Workmanship. The material and its containers shall be free from defects which detract from their appearance or impair their serviceability.

4. QUALITY ASSURANCE PROVISIONS

4.1 Supplier responsibility for inspection. Unless otherwise specified in the contract or purchase order, the supplier is responsible for the performance of all inspection requirements as specified herein. Except as otherwise specified in the contract or order, the supplier may use his own or any other facilities suitable for the performance of the inspection requirements specified herein, unless disapproved by the Government. The Government reserves the right to perform any of the inspections set forth in the specification where such inspections are deemed necessary to assure supplies and services conform to prescribed requirements.

4.1.1 Records of examinations and tests performed by or for the contractor shall be maintained by the contractor and made available to the Government, upon the Government's request, at any time, or from time to time, during the performance of the contract and, (i) as to any expiration dated item, for the expiration dating period specified by the contractor for such item, or such longer period as may be required by regulation or any federal agency; or (ii) as to non-dated items, for not less than 3 years after delivery of the item to the Government.

4.1.2 No company supplying any ingredient(s) to the contractor will be considered an acceptable facility for the performance of any inspection requirements specified herein.

4.2 Lot. For purposes of this specification, a lot, batch, or control is that single, uniform, and homogeneous quantity of liquid from one formulation, subjected to the same compounding and manufacturing operation, and filled into final containers.

5.4 Marking.

5.4.1 Labeling. Labeling shall be in accordance with the requirements of the Federal Food, Drug and Cosmetic Act and regulations promulgated thereunder, and shall include the information required below:

5.4.2 Exterior container. Exterior container (drum) shall be marked in accordance with MIL-STD-129. Lot (control) number and name and address of manufacturer shall be shown. When the manufacturer is not the contractor, the name and address of the contractor shall also appear. Domestic address shall be placed on head of drum only, not on side. Item identification shall be placed below the contract data marking with at least 2 inches of clear space left between the contract data and the item identification. Item identification shall be shown as "ALCOHOL, USP 5 gal (18.92 liters)." In addition, the date of manufacture shall be shown in lieu of the date packed. Marking shall also comply with the requirements of the Federal Food, Drug and Cosmetic Act and the Hazardous Meterial Regulations of the Department of Tansportation. The following legends shall be shown:

"STORE AT CONTROLLED ROOM TEMPERATURE 15° - 30°C (59° - 86°F)."
"If liquid is not clear, filter prior to use."
"FLAMMABLE."
