Fed. Std. No. 364
December 9, 1975
(See S6)

FEDERAL STANDARD

MOTION PICTURE, SOUND, SUPER 8 MILLIMETER, FORMAT FOR

Authority - This standard is issued pursuant to the Federal Property and Administrative Services Act of 1949, as amended, and its application to both Super 8 millimeter motion picture film and equipment is mandatory on all Federal Agencies.

S1. Purpose and Scope. This standard establishes the picture format, sound format, and sound synchronization of Super 8 millimeter motion picture films, which have been adopted to achieve the highest degree of uniformity and standardization for the Federal Supply System.

S2. Application. Specification and procurement documents for Super 8mm motion picture projectors, cameras, and associated film handling equipment shall specify that all such equipment shall be compatible with Super 8mm film conforming to the requirements of this standard.

S3. Requirements. Picture format, sound format, and sound synchronization of Super 8mm motion picture films shall conform to the applicable provisions of the following American National Standards of the issue in effect on date of invitation for bids.

American National Standards Institute, Inc., (ANSI) Publications:

PH22.154-1969 - Dimensions of Projectable Image Area on Super 8 Motion Picture Film.

PH22.161-1968(R1973) - Dimensions of Magnetic Striping of Super 8 Motion Picture Film Perforated 1R-1667.

PH22.164-1969 - Dimensions for Magnetic Sound Record on Super 8 Motion Picture Film Perforated 1R-1667.

(Application for copies should be addressed to the American National Standards Institute, Inc., 1430 Broadway, New York, NY 10018)

S4. Changes. When a Federal agency considers that this standard does not provide for its essential needs, written request for changing or adding to the standard, supported by adequate justification, shall be sent to the Administration. The justification shall explain wherein the standard does not provide for essential needs. The request shall be sent in duplicate to the General Services Administration, Federal Supply Service, Mechanical and Electrical Division, Washington, DC 20406. The Administration will determine the appropriate action to be taken and will notify the agency.

S5. Conflict with referenced specifications. Where the requirements stated in this standard conflict with any requirement in a referenced specification, the requirements of the standard shall apply. Nature of conflict between the standard and the referenced specification shall be submitted in duplicate to the General Services Administration, Federal Supply Service, Mechanical and Electrical Division, Washington, DC 20406.
