COMMERCIAL ITEM DESCRIPTION

RESISTORS, FIXED, ZERO OHM, 1/4 WATT

The General Services Administration has authorized the use of this commercial item description (CID) for all federal agencies

1. SCOPE. This CID covers the general requirements for an axial leaded zero ohm resistor. Resistors covered by this CID are intended for commercial/industrial applications and shall not be used in military systems needing stringent environmental and electrical requirements.

2. CLASSIFICATION. This CID uses a classification system which is included in the Part Identification Number (PIN). The PIN shall be as shown in the following example (see 7.1).

A - A - 55501
CID Number

3. SALIENT CHARACTERISTICS

3.1 Interface and physical dimensions. Resistors supplied to this CID shall be as specified herein (see figure 1).

3.2 DC resistance. The resistance value shall not exceed 0.01 ohm.

3.3 Insulation resistance. The insulation resistance value of this resistor shall be 10,000 megohms minimum.

3.4 Current rating. The current rating shall be 10 amperes maximum.

3.5 Dielectric withstanding voltage. The dielectric with standing voltage shall be 450 volts minimum.

3.6 Marking. Resistors supplied to this CID shall be marked with the manufacturer's (MFGR's) standard commercial PIN.

Beneficial comments, recommendations, additions, deletions, clarifications, etc., and any data which may improve this document should be sent to: Defense Supply Center, Columbus, ATTN: DSCC VAM, 3990 East Broad Street, Columbus OH 43213-1199, or telephone (614) 692-0552, or facsimile (FAX) (614) 692-6939.

AMSC N/A FSC 5905
DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

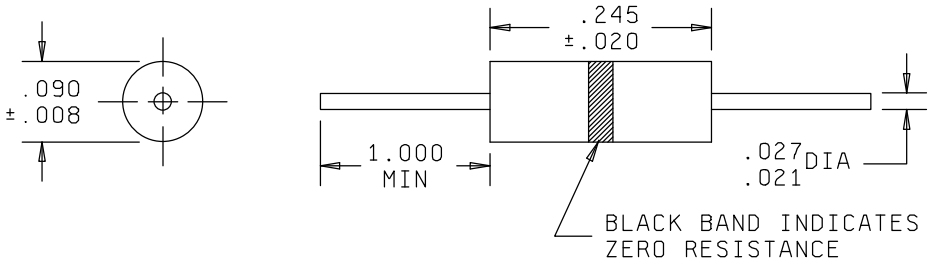
Check the source to verify that this is the current version before use.



Inches	mm
.008	0.20
.020	0.51
.021	0.53
.027	0.69
.090	2.29
.245	6.22
1.000	25.4

NOTES:
1. Dimensions are in inches.
2. Metric equivalents are given for general information only.
3. Unless otherwise specified, tolerance is ±.005 inch (±0.13 mm).

4. REGULATORY REQUIREMENTS.

4.1 Recycled/recovered materials. The offer/contractor is encouraged to use recovered materials to the maximum extend practicable, in accordance with paragraph 23.403 of the Federal Acquisition Regulation (FAR).

5. QUALITY ASSURANCE PROVISIONS.

5.1 Product conformance. The products provided shall meet the salient characteristics of this CID, conform to the producer's own drawings, specifications, standards, and quality assurance practices, and be the same product offered for sale in the commercial market. The Government reserves the right to require proof of such conformance.

6. PACKAGING.

6.1 Preservation, packing, and marking. Preservation, packing, and marking shall be specified in the contract or order.

7. NOTES

7.1 PIN. The PIN should be used for Government purposes to buy commercial products to this CID. See section 2 for PIN format example.

7.2 Commercial and Government Entity (CAGE) code. For ordering purposes, inventory control, and submission of these resistors to DSCC under the Military Parts Control Advisory Group (MPCAG) evaluation program, CAGE code 58536 should be used.

7.3 Source of documents. This section is not applicable to this CID.

7.4 Ordering data. The contract or order should specify the following:

a. CID document number, revision, and CID PIN.

b. Quality assurance provisions.

c. Packaging requirements.

7.5 Commercial products. As part of the market analysis and research effort, this CID was coordinated with the following MFGRs of commercial products. At the time of CID preparation and coordination, these MFGRs were known to have commercial products that would meet the requirements of this CID. (NOTE: This information should not be considered as a list of approved MFGRs or be used to restrict procurement to only the MFGRs shown.)

TABLE I. Commercial products.

Vendor CAGE code	Vendor name and address
07716	IRC, Incorporated P.O. Box 1860 Boone, NC 28607-1860 (704) 264-8861
56637	RCD Components 520 East Industrial Park Drive Manchester, NH 03109-1824 (603) 699-0054
91637	Dale Electronics P.O. Box 0609 1122 23rd Street Columbus, NE 68602-0609 (402) 564-3131

7.6 Part number (P/N) supersession data. This CID supersedes the following MFGR style as shown. this information is being provided to assist in reducing proliferation in the government inventory system.

TABLE II. P/N supersession data.

CID PIN	DSCC drawing number	Vendor commercial PIN	Vendor CAGE	Vendor body color 1/	Vendor body style
A-A-55501	87009	RGB - zero ohm	07716	Dark brown	Molded
		FRJ - 55	91637	Brown	Comformal coated
		ZJ2D	56637	Tan	Comformal coated

1/ Body colors are for identification purposes.

7.7 Government users. To acquire information on obtaining these resistors from the Government inventory system, contact Defense Supply Center, Columbus, ATTN: DSCC-CPB, 3990 East Broad Street, Columbus, OH 43213-1199, or telephone (614) 692-7678.
