INDUSTRY STANDARDS

AMERICAN SOCIETY FOR TESTING AND MATERIALS

ASTM D4976 - Standard Specification for Polyethylene Plastics Molding and Extrusion Materials.

(Application for copies should be addressed to the Society for Testing and Materials, 100 Barr Harbor Drive, West Conshohocken, PA 19248-2959.)

(Industry association specifications and standards are generally available for reference from libraries. They are also distributed among technical groups and using Federal agencies.)

7.4 Ordering data. The contract or order should specify the following:

a. CID document number, revision, and PIN.

b. Marking requirements (see 3.3).

c. Product conformance provisions (see 5.1).

d. Packaging requirements.

7.5 Commercial products. As part of the market analysis and research effort, this CID was coordinated with the following manufacturers of commercial products. At the time of CID preparation and coordination, these manufacturers were known to have commercial products that would meet the requirements of this CID. (NOTE: This information should not be considered as a list of approved manufacturers or used to restrict procurement to only the manufacturers shown.)
