COMMERCIAL ITEM DESCRIPTION

QUINIDINE POLYGALACTURONATE TABLETS

The General Services Administration has authorized the use of this commercial item description in preference to MIL-Q-37779A.

The Commercial Item Description covers Quinidine Polygalacturonate Tablets for use as a cardiac drug.

Salient characteristics:

Shall be Quinidine Polygalacturonate Tablets.

Shall contain 275 mg of Quinidine Polygalacturonate per tablet (equivalent to 166.25 mg of Quinidine Base) within the applicable assay limits for the tablets when assayed using a suitable, accurate and reproducible method.

Each tablet shall contain the equivalent of not less than 156.3 mg and not more than 176.2 mg of Quinidine Base when assayed using a suitable, accurate and reproducible method.

Shall contain not more than 6 mg of Free Quinidine per tablet when tested using the following procedure or by an equivalent accurate and reproducible method:

Transfer a sample of powdered tablet material (sugar coating, if present shall be removed by carefully washing with water and drying) to a small beaker. Add 10 ml of ether, mix and filter into a tared beaker. Wash the residue with two 5 ml portions of ether and filter into the beaker. Evaporate on a steam bath to dryness and dry at 105° C for four hours and weigh.

$$\frac{\text{Wt. of Residue (mg)} \times \text{Avg. Wt. of Tablets}}{\text{Wt. of Sample (mg)}} = \text{Wt. (mg) of Free Quinidine/tablet}$$

Not less than 85 percent and not more than 110 percent of the labeled amount of the Quinidine Polygalacturonate shall dissolve in 30 minutes when tested using the USP Dissolution test (711) or equivalent method.

Shall meet the USP requirements for Weight Variation and Uniformity of Dosage (Content Uniformity) when tested using the USP method (905).

Not less than 32 months of the expiration dating period shall remain at time of delivery to the Government.

Workmanship. Tablets shall be free from defects which detract from their appearance or impair their serviceability.

Unit. Bottle (BT). One bottle containing 500 tablets, as specified, constitutes one unit.

FSC 6505

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U. S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

Recovered materials. The offeror/contractor is encouraged to use recovered material in accordance with Public Law 94-580 to the maximum extent practical.

Preservation, packaging, packing, labeling, and marking. Unless otherwise specified, preservation, packaging, and packing shall be to a degree of protection to preclude damage to containers and/or contents thereof under normal shipping conditions, handling, etc., involving shipment from the supply source to the receiving activity, plus reshipment from receiving activity, and shall conform to applicable carrier's rules and regulations. Intermediate and exterior package quantities and labeling and marking shall be as specified in the contract and/or order.

For information only. The following product(s), as of the date of this document, is/are purported by the following companies to meet the salient characteristics of the item(s).

Purdue Frederick - Cardioquin Tablets

NOTE: The following National Stock Number is covered by this document:

6505-00-480-7251
