MILITARY SPECIFICATION

TETRACYCLINE HYDROCHLORIDE CAPSULES, USP

This specification is approved for use by all Departments and Agencies of the Department of Defense.

1. SCOPE

1.1 Scope. This specification covers Tetracycline Hydrochloride Capsules, USP.

1.2 Classification. The capsules covered by this specification shall be of the following sizes (see 6.2).

Size 1 - 40s
Size 2 - 100s
Size 3 - Individually sealed, 100s

2. APPLICABLE DOCUMENTS

2.1 Issues of documents. The following documents, of the issue in effect on date of invitation for bids or request for proposals, form a part of this specification to the extent specified herein.

SPECIFICATIONS

FEDERAL

PPP-C-186 - Containers, Packaging and Packing for Drugs, Chemicals and Pharmaceuticals.

Beneficial comments (recommendations, additions, deletions) and any pertinent data which may be of use in improving this document should be addressed to: Hq, Defense Personnel Support Center, ATTN: Directorate of Medical Materiel, DPSC-ATT, 2800 South 20th Street, Philadelphia, PA 19101, by using the self-addressed Standardization Document Improvement Proposal (DD Form 1426) appearing at the end of this document or by letter.

STANDARDS

FEDERAL

FED-STD-285 - Capsules (for Medicinal Purposes).

MILITARY

MIL-STD-105 - Sampling Procedures and Tables for Inspection by Attributes.
MIL-STD-129 - Marking for Shipment and Storage.

(Copies of specifications and standards required by contractors in connection with specific procurement functions should be obtained from the procuring activity or as directed by the contracting officer.)

2.2 Other publications. The following documents form a part of this specification to the extent specified herein. Unless otherwise indicated, the issue in effect on date of invitation for bids or request for proposals shall apply.

U. S. DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE, FOOD AND DRUG ADMINISTRATION (FDA)

Federal Food, Drug, and Cosmetic Act and Regulations Promulgated Thereunder.

(Application for copies should be addressed to the Food and Drug Administration, Washington, DC 20204.)

U. S. PHARMACOPEIAL CONVENTION, INC.

The United States Pharmacopeia (USP).

(Application for copies should be addressed to the Mack Publishing Company, Easton, PA 18042.)

The National Formulary (NF).

(Application for copies should be addressed to the Mack Publishing Company, Easton, PA 18042.)

3. REQUIREMENTS

3.1 Material. Shall be Tetracycline Hydrochloride Capsules, USP, and shall be in accordance with all applicable requirements of FED-STD-285, and as specified herein.

Source: https://assist.dla.mil -- Downloaded: 202610-21T11:18Z
Check the source to verify that this is the current version before use.

S2. Classification. Shall be type I or type II.

S5.3 The following is added to this paragraph:

Shall be capsules containing 0.25 gram of tetracycline hydrochloride per capsule, within the applicable assay limits for the capsules.

3.2 Certification. Shall conform to the pertinent provisions of the regulations for the Certification of Antibiotics and Antibiotic-containing Drugs, as promulgated by the FDA. Each lot shall be certified by the FDA.

3.3 Ingredients.

3.3.1 Tetracycline hydrochloride. The tetracycline hydrochloride used in the manufacture of the capsules shall comply with the tests, standards, and requirements of the USP, including any supplements or revisons thereto and shall be in accordance with the applicable regulations for the Certification of Antibiotics and Antibiotic-containing Drugs, as promulgated by the FDA.

3.4 Other ingredients. All other ingredients used in the manufacture of the capsules shall comply with S5.2 of FED-STD-285.

3.5 Expiration dating period. The expiration dating period shall be not less than 36 months for sizes 1 and 2 and not less than 24 months for size 3.

4. QUALITY ASSURANCE PROVISIONS

4.1 Supplier responsibility for inspection. Unless otherwise specified in the contract or purchase order, the supplier is responsible for the performance of all inspection requirements as specified herein. Except as otherwise specified in the contract or order, the supplier may use his own or any other facilities suitable for the performance of the inspection requirements specified herein, unless disapproved by the Government. The Government reserves the right to perform any of the inspections set forth in the specification where such inspections are deemed necessary to assure supplies and services conform to prescribed requirements.

4.1.1 Records of examinations and tests performed by or for the contractor shall be maintained by the contractor and made available to the Government, upon the Government's request, at any time, or from time to time, during the performance of the contract and, (i) as to any expiration dated item, for the expiration dating period specified by the contractor for such item, or such longer period as may be required by regulation of any federal agency; or (ii) as to non-dated items, for not less than 3 years after delivery of the item to the Government.

Check the source to verify that this is the currentversion before use.

4.1.2 No company supplying any ingredient(s) to the contractor will be considered an acceptable facility for the performance of the inspection requirements specified herein.

4.2 Sampling. Sampling as shown in FED-STD-285 shall be applicable.

4.3 Packaging inspection. The inspection of the intermediate package, packing and marking for shipment and storage shall be in accordance with quality assurance provisions of the applicable container specification and the marking requirements of MIL-STD-129.

4.4 Labeling inspection. Sampling shall be in accordance with MIL-STD-105 and the unit of product shall be the unit of issue. The inspection lot shall be the number of units of issue of each batch, lot, control number, etc., offered for inspection at one time. The inspection level for labeling shall be S-2 and the acceptance number shall be zero.

4.5 Tests. Tests shall be performed to determine compliance with all requirements of this document and all referenced documents.

5. PACKAGING

5.1 Packaging requirements. The requirements for packaging shall be in accordance with all applicable requirements of PPP-C-186, and as specified herein.

5.2 Packaging. Packaging shall be level A or C, as specified (see 6.1).

5.2.1 Unit of issue. One bottle containing forty capsules or one hundred capsules, or one box containing one hundred individually packaged capsules, as specified, constitutes one unit of issue.

5.2.2 Level A.

5.2.2.1 Immediate container.

5.2.2.1.1 Size 1 and size 2. The immediate container for size 1 and size 2 shall be a commercially available bottle considered acceptable by the Food and Drug Administration (FDA) for the product contained therein and shall be of such compatibility that neither the contents nor the container are altered in any way by each other. Size 1 shall be supplied with child-proof closure. In addition, for size 1, the bottle shall have a minimum height of 48 mm base to shoulder.

Check the source to verify that this is the current version before use.

5.2.2.1.2 Size 3. The immediate container for size 3 shall be a commercially available blister or strip packaging considered acceptable by the Food and Drug Administration (FDA) for the product contained therein and shall be of such compatibility that neither the contents nor the container are altered in any way by each other.

5.2.2.2 Unit package. At the option of the contractor, size 1 or size 2 may be packaged as specified in 5.2.5 of PPP-C-186. Size 3 capsules shall be packaged as specified in 5.2.5 of PPP-C-186.

5.2.2.3 Intermediate package. Twelve (12) units of size 1 or ten (10) units of size 3 shall be packaged as specified in 5.2.7.1 of PPP-C-186. Twelve (12) units of size 2 shall be packaged as specified in 5.2.8 of PPP-C-186.

5.2.3 Level C. Units shall be packaged in standard commercial containers of the size and kind commonly used, which will afford the degree of protection required for shipment and use of the product for its intended purpose.

5.3 Packing. Packing shall be level A, B or C, as specified (see 6.1).

5.3.1 Level A. One hundred forty-four (144) units of size 1, or ninety-six (96) units of size 2 or eighty (80) units of size 3 shall be packed in an exterior container as specified in 5.4.4 of PPP-C-186.

5.3.2 Level B. One hundred forty-four (144) units of size 1, or eighty (80) units of size 3 shall be packed as specified in 5.4.3.1.1 of PPP-C-186. Ninety-six (96) units of size 2 shall be packed as specified in 5.4.3.2 of PPP-C-186.

5.3.3 Level C. The subject commodity shall be packed in substantial commercial containers of the type, size, and kind commonly used for the purpose, so constructed as to insure acceptance and safe delivery by common or other carriers to point of delivery called for in the contract or purchase order.

5.4 Marking.

5.4.1 Labeling. Labeling shall be in accordance with the requirements of the Federal Food, Drug, and Cosmetic Act and shall include the following information:

Source: https://assist.dla.mil -- Downloaded: 202610-21T11:18Z
Check the source to verify that this is the currentversion before use.

5.4.1.1 Immediate container.

5.4.1.1.1 Size 1. The label of the immediate container shall be a tri=part label consisting of the following: 1/

1) a tab portion which shall remain attached to the immediate container. This portion shall bear:

a) the National Drug Code (NDC)
b) the lot or control number
c) the expiration date

Other label information may be included.

2) a tear-off portion adjacent to the tab portion or at the extreme end of the label bearing the following:

a) the National Drug Code (NDC)
b) the lot or control number
c) the expiration date

No other labeling shall appear thereon.
This portion shall be easily removed for attachment to a prescription.

3) the principal portion connected to the tear-off and/or the tab portion shall bear the following:

a) all other information required by the Federal Food, Drug, and Cosmetic Act.

This portion shall be easily removed.

1/ As an alternate to the tri-part label for size 1, a commercially available label bearing the expiration date may be supplied on the immediate container. A commercially available regular, bi-part or tri-part label is considered a commercial alternate.

5.4.1.1.2 Size 2 and size 3. Each immediate container label for size 2 and size 3 shall bear the following information:

(a) label information in accordance with commercial practice.
(b) the expiration date.

5.4.1.3 Unit package. Each unit package label for sizes 1, 2 and 3 shall bear the following:

(a) label information in accordance with commercial practice.
(b) the National Stock Number.

Source: https://assist.dla.mil -- Downloaded: 2026-10-21T11:18Z
Check the source to verify that this is the current version before use.

NOTES: (1) The National Stock Number need not be preceded by any prefix.
(2) Strip labeling may be used.
(3) Label adhesion test shall not apply.
(4) If a unit package is not supplied for size 2, the National Stock Number shall appear on the immediate container. If a unit package is not supplied for size 1, the National Stock Number shall appear on the principal portion connected to the tear-off and/or the tab portion of the label on each immediate container.

5.4.2 Intermediate package. Each intermediate package shall be marked as specified in 5.5.3 of PPP-C-186. In addition, type I shelf life marking as specified in MIL-STD-129 shall be shown. Marking shall included the legend:

"STORE AT CONTROLLED ROOM TEMPERATURE 15° - 30°C (59° - 86°F)".

5.4.3 Exterior container. Exterior container shall be marked as specified in 5.5.4 of PPP-C-186. Type I shelf life marking as specified in MIL-STD-129 shall also be shown. Marking shall include the legend:

"STORE AT CONTROLLED ROOM TEMPERATURE 15° - 30°C (59° - 86°F)".

6. NOTES

6.1 Ordering data. Procurement documents should specify the following:

(a) Title, number and date of this specification.
(b) National Stock Number.
(c) Selection of applicable levels of packaging and packing (see 5.2 and 5.3).

STANDARDIZATION DOCUMENT IMPROVEMENT PROPOSAL

INSTRUCTIONS: This form is provided to solicit beneficial comments which may improve this document and enhance its use. DoD contractors, government activities, manufacturers, vendors, or other prospective users of the document are invited to submit comments to the government. Fold on lines on reverse side, staple in corner, and send to preparing activity. Attach any pertinent data which may be of use in improving this document. If there are additional papers, attach to form and place both in an envelope addressed to preparing activity. A response will be provided to the submitter, when name and address is provided, within 30 days indicating that the 1426 was received and when any appropriate action on it will be completed.
NOTE: This form shall not be used to submit requests for waivers, deviations or clarification of specification requirements on current contracts. Comments submitted on this form do not constitute or imply authorization to waive any portion of the referenced document(s) or to amend contractual requirements.
