COMMERCIAL ITEM DESCRIPTION

FOOT REST

The General Services Administration has authorized the use of this commercial item description.

Scope. This commercial item description covers a angled foot rest used under navigators table on C-130 aircraft.

Salient Characteristics

Dimensions. Approximate dimensions of 16 inches wide, 13 inches long, 5 1/2 inches high at the back and 2 inches high at the front.

Construction. Constructed of furniture grade steel, a minimum of .056 inch (16 gauge) thick, protected by a bonded ribbed, rubber nonskid mat a minimum of 1/8 inch thick on the angled surface. Underside of foot rest must be protected from corrosion by a baked enamel finish or other equivalent finish.

Workmanship. The foot rest shall be free from burrs, rust, sharp or rough edges, imperfections and any other defects which may impair serviceability, durability or appearance.

Certification. The contractor shall certify that the product offered meets the salient characteristics of this description and that the product conforms to the producers own drawings, specifications, standards and quality assurance practices and is the same product offered for sale in the commercial marketplace. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Recovered Materials. The bidding contractor is encouraged to use recovered materials in accordance with Public Law 94-580 to the maximum extent practicable.

Preservation, Packaging, and Marking. The foot rest shall be packaged in accordance with normal commercial practice and packed in fiberboard boxes that will assure acceptance by common carrier and provide product protection against loss and damage during multiple shipments, handling and storage. The shipping containers shall be in compliance with the National Motor Freight Classification and Uniform Freight Classification. Marking shall be specified in the contract or order.
