COMMERCIAL ITEM DESCRIPTION

BUILDING, PORTABLE

The General Service Administration has authorized the use of this Commercial Item Description.

Scope. This commercial item description covers portable buildings which are small structures with less than 300 square feet for use as utility sheds, lawn and garden equipment storage, and other light industrial or outdoor uses.

Salient Characteristics:

1. Interior floor area - 300 square feet or less
2. Portability - Capable of being moved intact from one place to another.
3. Utilities - Shall not include any permanently installed utility hookups.
4. Fire, Safety, and Structural Standards - Meets requirements.

Workmanship. The portable building shall be clean and free from faulty construction or any defects which affect the appearance, serviceability, and durability.

Certification. The contractor shall certify that the product offered meets the salient characteristics of this description and that the product conforms to the producer's own drawings, specifications, standards, and quality assurance practices and is the same product offered for sale in the commercial marketplace. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provision of the contract.

Reclaimed material. The manufacturer shall utilize reclaimed materials to the maximum extent practicable.

Packaging, packing, and marking. The portable building shall be packaged in accordance with normal commercial practice and packed to assure acceptance by common carrier and provide product protection against loss and damage during multiple shipments, handling, and storage. The shipping container shall be in compliance with National Motor Freight Classification and Uniform Freight Classification. Shipping containers shall be marked and specified in the contract or order.
