TIER I ADOPTION NOTICE

IEEE 1278.1-2012, *IEEE Standard for Distributed Interactive Simulation – Application Protocols,* was adopted for use by the Department of Defense (DoD) on July 1, 2005. Proposed changes by DoD activities must be submitted to the DoD Adopting Activity: Defense Modeling and Simulation Coordination Office, Attn: Standards, 4800 Mark Center Drive, Suite 16E08-08, Alexandria, VA 22350-3600 or via email at osd.mssc.secretariat@mail.mil.

IEEE 1278.1 defines "protocol data units (PDU)," data messages that are exchanged on a network among simulation applications. This standard should be used with IEEE 1278.2-2015, *IEEE Standard for Distributed Interactive Simulation (DIS) -- Communication Services and Profiles,* and IEEE 1278.4-2003, *IEEE Recommended Practice for Distributed Interactive Simulation -- Verification, Validation, and Accreditation.*

The IEEE 1278 series of standards is maintained by the Simulation Interoperability Standards Organization (SISO) Standard Activities Committee, serving as the IEEE Computer/Simulation Interoperability (C/SI) Standards Committee. Copies of this document may be purchased from the Institute of Electrical and Electronics Engineers at the IEEE Customer Service Center, 445 Hoes Lane, P.O. Box 1331, Piscataway, NJ 08855-1331, U.S.A. or via the web at www.standards.ieee.org. SISO members may download one copy free at www.sisostds.org.
