INCH-POUND

MIL-H-26385D
AMENDMENT 2
15 June 1991
SUPERSEDING
AMENDMENT 1
22 DECEMBER 1988

MILITARY SPECIFICATION

HOSE, OXYGEN AND PRESSURIZATION,
OZONE RESISTANT

This amendment forms a part of MIL-H-26385D, dated 20 March 1988, and is approved for use by the Department of the Air force and is available for use by all Departments and Agencies of the Department of Defense.

PAGE 1

* 1.3 Line 4 delete "6.5" and add "6.6".

* Under "Beneficial comments block," line 3, delete "MMEDO" and add "TIMLA".

PAGE 5

* Delete "3.10.1" entirely and add:

"3.10.1 Marking of product. The hose shall be identified with the specification part number as established herein and in accordance with MIL-STD-130. The manufacturer's design activity CAGE code and part number shall be parenthetically added below the specification part number identification. The year and quater of cure shall also be included in the marking."

* 3.10.3 Line 2, "6.5 (see 1.3)" and add: "MS27797."

4.4 Line 2 delete "inspection described under test methods, 4.6" and add: "tests described under test method, 4.6 and environmental inspection 4.7."

"The margins of this amendment are marked with an asterisk or vertical lines to indicate where changes (additions, modifications, corrections, deletions) from the previous amendment were made. The was done as a convenience only and the Government assumes no liability whatsoever for any inaccuracies in these notations. Bidders and contractors are cautioned to evaluate the requirements of this document based on the entire content irrespective of the marginal notations and relationship to the last previous amendment."
