QQ-S-627B
CANCELLATION
April 25, 1974

FEDERAL SPECIFICATION

STEEL ALLOY, SHEET AND STRIP, HOT-ROLLED

This cancellation was approved by the Commissioner, Federal Supply Service, General Services Administration, Washington, DC 20406.

Federal Specification QQ-S-627B, dated January 19, 1961, is hereby canceled, due to insufficient procurement requirements. Any future procurement requirements shall be referenced to American Society for Testing and Materials ASTM A-505 - Specification for General Requirements for Hot-Rolled and Cold-Rolled Alloy Steel Sheets and Strip, A-506 - Specification for Regular Quality Hot-Rolled and Cold-Rolled Alloy Steel Sheets and Strip, A-507 - Specification for Drawing Quality Hot-Rolled and Cold-Rolled Alloy Steel Sheets and Strip.
