QQ-S-699
CANCELLATION
April 23, 1974

FEDERAL SPECIFICATION

STEEL SHEETS, CARBON, HOT-ROLLED
HEAVY GAGE STRUCTUAL QUALITY

This cancellation was approved by the Commissioner, Federal Supply Service, General Services Administration.

Federal Specification QQ-S-699A dated December 12, 1955, is hereby canceled, due to insufficient procurement requirements. Any future procurement requirements shall be referenced to American Society of Testing Material (ASTM), A 570 - Hot-Rolled Carbon Steel Sheet and Strip, Structural Quality, for material and testing requirements.
