MILITARY SPECIFICATION

ADAPTER-BOOSTER, BOMB, NOSE, THERMALLY PROTECTED M148E1, LOADING, ASSEMBLING AND PACKING

This amendment forms a part of Military Specification MIL-A-4807A(PA), dated 30 June 1975, and is approved for use within the Naval Air Systems Command, Department of the Navy, and is available for use by all Departments and Agencies of the Department of Defense.

PAGE 1

First line, delete "MIL-A-48027A(PA)" and substitute: "MIL-A-48027A(AS)".

After 1.1, add "Scope."

Delete "2.1" and its paragraph in its entirety and substitute: "2.1 Specifications and standards. The following specifications and standards form a part of this specification to the extent specified herein. Unless otherwise specified, the issues of these documents shall be those listed in the issue of the Department of Defense Index of Specifications and Standards (DODISS) and supplement thereto, cited in the solicitation."

Delete "PUBLICATIONS" and "ASTM D162" and its title.

PAGE 2

Delete "ASTM-D2044" and "ASTM-D792-66" and their titles.

Above DRAWINGS, add: "2.1.2 Drawings. The following drawings form a part of this specification to the extent specified herein. Unless otherwise specified, the issues shall be those in effect on the date of the solicitation."

Below the list of drawings, delete the paragraph on Copies in its entirety and substitute: "(Copies of specifications, standards, and drawings required by contractors in connection with specific acquisition functions should be obtained from the contracting activity or as directed by the contracting activity.)"

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Add the following parragraph:

"2.2 Other publications. The following documents form a part of this specification to the extent specified herein. Unless otherwise specified, the issues of the documents which are DoD adopted shall be those listed in the issue of the DODISS specified in the solicitation. Unless otherwise specified, the issues of documents not listed in the DODISS shall be the issue of the nongovernment documents which is current on the date of the solicitation.

American Society for Testing and Materials (ASTM)

D792	Specify Gravity and Density of Plastics by Displacement, Test Methods
D1692	Flammability of Plastic Sheeting and Cellular Plastics
D2044	Moisture Content in Paper and Paper-board by Toluene Distillation

(Application for copies should be addressed to the American Society for Testing and Materials, 1916 Race Street, Philadelphia, PA 19103.)

(Nongovernment standards and other publications are normally available from the organizations which prepare or which distribute the documents. These documents also may be available in or through libraries or other informational services.)"

Add the following:

"2.3 Order of precedence. In the event of a conflict between the text of this specification and the references cited herein (except for associated detail specifications, specification sheets or MS standards), the text of this specification shall take precedence. Nothing in this specification, however, shall supersede applicable laws and regulations unless a specific exemption has been obtained."

PAGE 3

Delete 4.1 in its entirety and substitute:

"4.1 Responsibility for inspection. Unless otherwise specified in the contract or purchase order, the contractor is responsible for the performance of all inspection requirements as specified herein. Except as otherwise specified in the contract or purchase order, the contractor may use his own or any other facilities suitable for the performance of the inspection requirements specified herein, unless disapproved by the Government. The Government reserves the right to perform any of the inspections set forth in the specification where such inspections are deemed necessary to assure supplies and services conform to prescribed requirements."

Check the source to verify that this is the current version before use.

Add the following paragraph:

"4.1.1 Responsibility for compliance. All items must meet all requirements of sections 3 and 5. The inspection set forth in this specification shall become a part of the contractor's overall inspection system or quality program. The absence of any inspection requirements in the specification shall not relieve the contractor of the responsibility of assuring that all products or supplies submitted to the Government for acceptance comply with all requirements of the contract. Sampling in quality conformance does not authorize submission of known defective material, either indicated or actual, nor does it commit the Government to acceptance of defective material."

Add: "4.1.2 Standard quality assurance provisions. Unless otherwise specified herein or in the contract, the provisions of MIL-A-48078 shall apply and are hereby a part of this detail specification."

PAGE 16

Delete "5. PREPARATION FOR DELIVERY" and substitute: "5. PACKAGING".

In 6.2, add the following:

"d. Where first article samples, data cards, and inspection equipment designs are to be forwarded.

e. Name and address of Government approved test laboratory.

f. Name and location of Government representative responsible for selection of inspection lots and samples."

6.3 Submission of inspection equipment designs for approval, delete its paragraph in its entirety and substitute: "The destination of inspection equipment designs shall be as specified in the contract or purchase order (see 6.2)."

6.4 Distribution of ammunition data cards, delete its paragraph in its entirety and substitute: "The distribution of data cards shall be as specified in the contract or purchase order (see 6.2)."

Add the following paragraphs:

"6.5 First article. When a first article inspection is required, the item will be tested and should be a first article sample. The contracting officer should include specific instructions in acquisition documents regarding arrangements for examinations, approval of first article test results, and disposition of first articles.
