FEDERAL QUALIFIED PRODUCTS LIST

OF

PRODUCTS QUALIFIED UNDER FEDERAL SPECIFICATION

T T - P - 6 6 4 D

PRIMER COATING, ALKYD, CORROSION-INHIBITING

LEAD AND CHROMATE FREE, VOC-COMPLIANT

The General Services Administration authorized this list to identify products eligible for consideration in Federal Government procurement under the subject specification. The Government has qualified each product as meeting applicable requirements of the latest effective issue of the subject specificaion and has identified the source of each qualified product by the name,address, and plant location of the manufacturer. The listing of a product is not an endorsement by the Federal Government and does not release the supplier from compliance with specification requirements. The Government will revise, amend, or cancel this list as necessary, without prior notice, to reflect actions by the Government or the manufacturer requiring modification or discontinuance of any or all of the information herein. The brand name designation under which the product is offered for sale is capitalized and enclosed in quotation marks in the *Manufacturer's Designation of* "BRAND NAME" column, *provided* the manufacturer or his authorized distributor has certified that the product submitted for qualification is the same product, except for packaging and marking, and is the only product available by that brand name. This information may be referred to for advertising or publicity only to state that the product of a particular manufacturing facility is listed and identified here, or that such product meets the requirements of the subject specification, provided test results are publicly available to verify the statement, and provide further that such advertising or publicity does not claim or imply Government preference or endorsement or that the product is the only one of its type that has passed the prescribed tests.
