QPL-TT-P-664-20
AMENDMENT-1
DECEMBER 16, 1995

FEDERAL QUALIFIED PRODUCT LIST

OF

PRODUCTS QUALIFIED UNDER FEDERAL SPECIFICATION

TT-P-664D

PRIMER COATING, ALKYD, CORROSION-INHIBITING

LEAD AND CHROMATE FREE, VOC-COMPLIANT FSC 8010

The General Services Administration authorized this list to identify products eligible for consideration in Federal Government procurement under the subject specification. The Government has qualified each product as meeting applicable requirements of the latest effective issue of the subject specification and has identified the source of each qualified product by the name, address, and plant location of the manufacturer. The listing of a product is not an endorsement by the Federal Government and does not release the supplier from compliance with specification requirements. The Government will revise, amend, or cancel this list as necessary, without prior notice, to reflect actions by the Government of the manufacturer requiring modification or discontinuance of any or all of the information herein. The brand name designation under which the product is offered for sale to the general public is capitalized and enclosed in quotation marks in the Manufacturers Designation or 'BRAND NAME" column, provided the manufacturer or his authorized distributor has certified that the product submitted for qualification is the same product, except for packaging and marking, and is the only product available on the publicmarket by that brand name. This information may be referred to for advertising or publicity only to state that the product of a particular manufacturing facility is listed and identifiedhere, or that such product meets the requirements of subject specification, provided that test results are publicly available to verify the statement, and provide further that such advertising or publicity does not claim or imply Government preference or endorsement or that the product is the only one of its type thathas passed the prescribed tests.

The activity responsible for the Qualified Products List is:

Engineering and Commodity Management Division
Paints and Chemicals Center
400 15th Street, SW
Auburn, WA 98001-6599

GOVERNMENT DESIGNATION	MANUFACTURER'S DESIGNATION "BRAND NAME"	TEST OR QUALIFICATION REFERENCE NUMBER	MANUFACTURER'S NAME (See SUPPLEMENT) and plants not listed here.)

This amendment forms a part of QPL-TT-P-664-20 dated February 9, 1994

Page 1.
