COMMERCIAL ITEM DESCRIPTION

SULFACETAMIDE SODIUM AND PREDNISOLONE ACETATE OPHTHALMIC SUSPENSION

The General Services Administration has authorized the use of this Commercial Item Description as a replacement for Military Specification MIL-S-37153 which is cancelled.

Salient characteristics.

Shall be Sulfacetamide Sodium and Prednisolone Acetate Ophthalmic Suspension.

All ingredients shall be of a pharmaceutical grade.

Shall be a sterile non-irritating ophthalmic suspension in an aqueous base composed of suitable buffering and preservative agents, except chlorobutanol.

Strength:

For Strength 1, Shall contain 0.2 percent Prednisolone Acetate and 10.00 percent Sulfacetamide Sodium.

For Strength 2, Shall contain 0.25 percent Prednisolone Acetate and 10.00 percent Sulfacetamide Sodium.

For Strength 3, Shall contain 0.5 percent Prednisolone Acetate and 10.00 percent Sulfacetamide Sodium.

Suspension shall assay to contain not less than 90.0 percent and not more than 110.0 percent of the required amount of Prednisolone Acetate and not less than 95.0 percent and not more than 105.0 percent of the required amount of Sulfacetamide Sodium when assayed by suitable, accurate and reproducible method(s).

Shall have a pH of 6.70 to 6.95 at 25°C.

AMSC/NA FSC 6505

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Workmanship. Ophthalmic suspension shall be free from defects which detract from its appearance or impair its serviceability.

Unit. Bottle (BT). One dropper bottle with ophthalmic tip, containing labeled amount of suspension, as specified, constitutes one unit.

Bottle Size - 1. 2.5 ml
2. 5 ml
3. 10 ml
4. 15 ml

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U.S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug, and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

Recovered material. The offeror/contractor is encouraged to use recovered material in accordance with Federal Acquisition Regulation Subpart 23.4 to the maximum extent practical.

Preservation, packaging, packing, labeling, and marking. Unless otherwise specified, preservation, packaging, and packing shall be to the degree of protection to preclude damage to containers and/or contents thereof under normal shipping conditions, handling, etc., involving shipment from the supply source to receiving activity, plus reshipment from receiving activity, and shall conform to applicable carrier's rules and regulations. Intermediate and exterior package quantities and labeling and marking shall be as specified in the contract and/or order.
