COMMERCIAL ITEM DESCRIPTION

BRUSH, FILE CLEANER

The General Services Administration has authorized the use of this commercial item description by all Federal agencies.

1. SCOPE

1.1 Scope. This commercial item description (CID) covers a file cleaning brush which is a combination card and brush. The brush is intended to be used to clean the working faces of files.

2. SALIENT CHARACTERISTICS

2.1 General description. The file cleaner brush shall consist of a wood block with a card on one side and a brush on the other.

2.2 Block. The block shall be wood with an integral handle, configured similar to figure 1, and shall have the dimensions specified by table 1. The wood shall be a close-grained and straight-grained beech, birch or maple. The corners shall be rounded and the block shall be smoothed. One side shall be recessed to receive the backing of the card so that the backing is flush with the surface of the block.

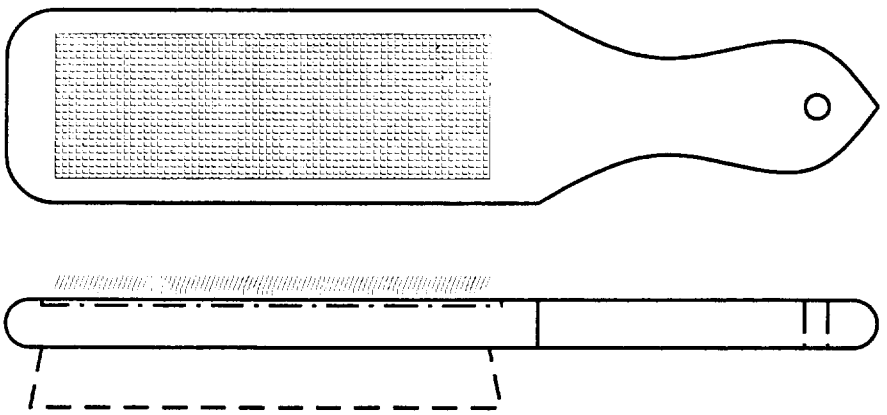

Figure 1

2.3 Card. The wire used in the card shall be steel with a diameter of 0.010 ±0.005 inch (0.25 ±0.12 mm). The card shall have the wires permanently fixed to a backing commercially used such as canvas, the backing shall not be synthetic. The wires shall be inclined or uniformly bent in the direction of the block handle. The wires shall not fall out or show permanent deformation when the card side of the brush is tapped several times on a hard surface. The card shall be securely attached to the block.

2.4 Brush. The brush material shall be tampico fiber, medium grade, natural and unbleached. The weight of the fiber shall be as specified in table 1. The fiber shall be evenly distributed and cut flat.

Beneficial comments, recommendations, additions, deletions, clarifications, etc. and any data which may improve this document should be sent to: General Services Administration, Engineering Branch (7FXEE), 819 Taylor Street, Fort Worth, TX 76102

Check the source to verify that this is the current version before use.

2.5 Manufacturer's mark. Each file cleaner shall have the block marked in a permanent manner with the manufacturers name or recognized trademark.

Table 1 - Physical Requirements

Characteristic	Dimension
Block length (including handle)	9 inches (22.9 cm) minimum
Handle length	3-1/2 inches (8.9 cm) minimum
Block width	2 inches (5.1 cm) minimum
Block thickness	1/2 inch (1.3 cm) minimum
Brush	
Length of filler clear of block	5/8 inch (1.6 cm) minimum
Width (filled section of block)	1-3/8 inch (3.5 cm) minimum
Length (filled section of block)	4-1/2 inches (11.4 cm) minimum
Weight of tampico fiber	0.55 ounce (15.5 g) minimum
Card	
Width	1-1/2 inch (3.8 cm) minimum
Length (wired portion)	4-1/4 inches (10.8 cm) minimum
Length of wire clear of card	1/4 inch (0.6 cm) minimum
Wires per square inch (6.5 cm^2)	300 minimum

2.6 Workmanship. The brush shall be clean and free of sharp edges or defects that may affect durability, appearance, or serviceability.

2.7 Metric products. Products manufactured to metric dimensions will be considered on an equal basis with those manufactured using inch-pound units, providing they fall within tolerances specified and all other requirements of this document are met.

3. REGULATORY REQUIREMENTS

3.1 Regulatory requirements. The offeror/contractor is encouraged to use recovered materials to the maximum extent practicable, in accordance with paragraph 23.403 of the Federal Acquisition Regulation (FAR).

4. QUALITY ASSURANCE PROVISIONS

4.1 Product conformance. The products provided shall meet the salient characteristics of this CID, shall conform to the producer's own drawings, specifications, standards, and quality assurance practices, and shall be the same product offered for sale in the commercial market. The government reserves the right to require proof of such conformance.

5. PACKAGING, PACKING AND MARKING

5.1 Packaging, packing and marking. The packaging, packing, and marking shall be as specified in the contract or order.

6. NOTES

6.1 Ordering data. Purchasers should select the preferred options permitted herein and include the following information in procurement documents:

a. Title, number, and date of this CID.
b. The packaging, packing and marking desired.

6.2 National Stock Number. NSN 7920-00-224-7987 utilizes this document.
