COMMERCIAL ITEM DESCRIPTION

CANTHARIDIN COLLODION TOPICAL SOLUTION

The General Services Administration has approved the use of this Commercial Item Description.

Salient characteristics.

Shall be Cantharidin Collodion Topical Solution containing 0.7 percent w/v Cantharidin, Acetone, Castor Oil and other suitable ingredients in sufficient quantities to produce a film-forming vehicle.

Shall contain not less than 90.0 percent and not more than 110.0 percent Cantharidin when tested by a suitable, accurate, and reproducible method.

Shall be capable of producing a film when tested by a suitable, accurate and reproducible method acceptable to the Government. The bidder or offeror shall submit with its bid or proposal the test method for the film-forming requirement. If the method is approved by and acceptable to the Government, such method shall be employed in the testing of the solution and need not be resubmitted provided the bidder or offeror certifies that there has been no change in formulation or method of manufacture.

Workmanship. The solution shall be free from defects which detract from its appearance or impair its serviceability.

AMSC/NA FSC 6505

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Unit. Bottle (BT). One bottle containing 7.5 ml, as specified, constitutes one unit.

Contractor Certification. The contractor shall certify and maintain substantiating evidence that the product offered meets the salient characteristics of this Commercial Item Description, and that the product conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U.S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug, and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

Recovered material. The offeror/contractor is encouraged to use recovered material in accordance with Federal Acquisition Regulation Subpart 23.4 to the maximum extent practical.

Preservation, packaging, packing, labeling, and marking. Unless otherwise specified, preservation, packaging, and packing shall be to the degree of protection to preclude damage to containers and/or contents thereof under normal shipping conditions, handling, etc., involving shipment from the supply source to receiving activity, plus reshipment from receiving activity, and shall conform to applicable carrier's rules and regulations. Intermediate and exterior package quantities and labeling and marking shall be as specified in the contract and/or order.

Ordering data. Expiration dating required, intermediate/exterior package quantities and labeling and marking must be specified in the contract and/or order.
