COMMERCIAL ITEM DESCRIPTION

CHLORPHENIRAMINE MALEATE AND PHENYLPROPANOLAMINE HYDROCHLORIDE CAPSULES

The General Services Administration has authorized the use of this Commercial Item Description in preference to MIL-C-37706.

Salient Characteristics:

Shall be sustained release capsules containing 12 mg of Chlorpheniramine Maleate and 75 mg of Phenylpropanolamine Hydrochloride.

Shall be in accordance with the requirements of the FDA.

The capsules shall assay to contain not less than 90.0 percent and not more than 110.0 percent of the labeled amounts of Chlorpheniramine Maleate and Phenylpropanolamine Hydrochloride when tested by a suitable, accurate and reproducible method acceptable to the FDA.

The Chlorpheniramine Maleate and Phenylpropanolamine Hydrochloride in the capsules shall be identified by a suitable, accurate and reproducible method acceptable to the FDA.

For Type I, the capsules must be considered by the FDA to be therapeutically equivalent with Chlorpheniramine Maleate and Phenylpropanolamine Hydrochloride Capsules by Smith, Kline and French Laboratories at the same dosage and administration schedule.

For Type II, the capsules must be considered by the FDA to be therapeutically equivalent with B. F. Asher at the same dosage and administration schedule.

AMSC/NA FSC 6505

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Workmanship. The capsules shall be free from defects which detract from their appearance or impair their serviceability.

Unit. Bottle (BT). One bottle containing 500 capsules, as specified, constitutes one unit.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U.S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

Recovered materials. The offeror/contractor is encouraged to use recovered material in accordance with Public Law 94-580 to the maximum extent practical.

Preservation, packaging, packing, labeling, and marking. Unless otherwise specified, preservation, packaging, and packing shall be to a degree of protection to preclude damage to containers and/or contents thereof under normal shipping conditions, handling, etc., involving shipment from the supply source to receiving activity, plus reshipment from receiving activity, and shall conform to applicable carrier's rules and regulations. Intermediate and exterior package quantities and labeling and marking shall be as specified in the contract and/or order.
