Check the source to verify that this is the current version before use.

REQUIREMENTS:

1. **Material.** Steel, carbon, class B as specified in procurement document.

2. **Length.** Standard length of bar is 10 feet minimum, 12 feet maximum.

3. **Forming process.** Unless otherwise specified, all bars shall be forged. *Option*: Only bars having cross sections 2.000 inches or less may be hot rolled processed; the code "H" in place of the dash in the part number designates this option.

4. **Heat treatment.** Normalized and tempered.

5. **Marking.** Iron and steel products shall be marked in accordance with FED-STD-183 with the exception that a part number from this Military Standard shall be included as part of the identification marking.

6. **Part number.** The part number consists of the letter "M" the basic number of this specification sheet and a dash number from table I.

Example: M24093/3 H001

Dash number (see table I and requirement 3)

TABLE I. *Dash numbers and dimensions.*

Dash No.	A
-001	0.562
-003	0.875
-005	0.938
-007	1.291
-009	2.000
-011	2.250
-013	2.250
-015	2.562
-017	2.750
