Block 10, Preparation Instructions (Continued)

10.2.2 Table of contents. The table of contents shall identify all paragraphs and the corresponding page number.

10.2.3 Introduction. The introduction shall contain the following information:

a. Purpose.
b. Location.
c. Dates of survey.
d. Personnel contacted.

10.2.4 Results. The results section shall be the main body of the report. It shall contain a complete listing of the contractor's findings. This section shall include a summary of all anticipated minor construction required, findings on cable routes, and distances, and findings on availability of existing manholes and ducts. This shall also include a list of circuits and demarcation points which have not been finalized or which require additional coordination with end users. This section shall fully document and explain any other findings concerning on-site conditions in this section.

10.2.5 Conclusions and recommendations. This section shall summarize the results of the survey and present conclusions. The conclusion shall also identify any discrepancies between the contract and survey results. This section shall contain any recommendations the contractor has based on the survey. Any actions required from the government by the contractor shall be noted here.
