COMMERCIAL ITEM DESCRIPTION

PENTAZOCINE AND NALOXONE HYDROCHLORIDES TABLETS, USP

The General Services Administration has authorized the use of this Commercial Item Description as a replacement for Military Specification MIL-P-37147B which is cancelled.

Salient Characteristics:

Shall be Pentazocine and Naloxone Hydrochlorides Tablets, USP.

Shall be in accordance with the requirements of the USP.

All ingredients shall be of a pharmaceutical grade.

Each tablet shall contain sufficient Pentazocine Hydrochloride equivalent to 50 mg of Pentazocine and sufficient Naloxone Hydrochloride equivalent to 0.5 mg of Naloxone.

Each tablet shall be marked/embossed with a product identification code to identify the active ingredient(s), strength, and manufacturer. The materials used in marking/embossing the dosage forms shall be acceptable to the FDA. The actual code used for the product shall be left to the discretion of the supplier.

Workmanship. The tablets shall be free from defects which detract from their appearance or impair their serviceability.

Unit.

Bottle (BT).

For Size 1, one bottle containing 100 tablets, as specified, constitutes one unit.

AMSC\NA FSC 6505

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Check the source to verify that this is the current version before use.

Package (PG).

For Size 2, shall be supplied 250 tablets, unit dose, in a commercially available blister or strip packaging. One package containing 250 individually sealed tablets, as specified, constitutes one unit.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U.S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

Recovered materials. The offeror/contractor is encouraged to use recovered material in accordance with Federal Acquisition Regulation Subpart 23.4 to the maximum extent practical.

Preservation, packaging, packing, labeling and marking. Unless otherwise specified, preservation, packaging, and packing shall be to a degree of protection to preclude damage to containers and/or contents thereof under normal shipping conditions, handling, etc., involving shipment from the supply source to the receiving activity, plus reshipment from receiving activity, and shall conform to applicable carrier's rules and regulations. Intermediate and exterior package quantities and labeling and marking shall be as specified in the contract and/or order.
