COMMERCIAL ITEM DESCRIPTION

SULFAMETHOXAZOLE AND TRIMETHOPRIM TABLETS, USP

The General Services Administration has authorized the use of this Commercial Item Description as a replacement for Military Specification MIL-T-37619A which is cancelled.

Salient characteristics.

Shall be Sulfamethoxazole and Trimethoprim Tablets, USP.

Shall be in accordance with the requirements of the USP.

All ingredients shall be of a pharmaceutical grade.

For Strength 1, shall be tablets containing 400 mg of Sulfamethoxazole and 80 mg of Trimethoprim per tablet within the applicable assay limits for the tablets.

For Strength 2, shall be tablets containing 800 mg of Sulfamethoxazole and 160 mg of Trimethoprim per tablet within the applicable assay limits for the tablets.

Each tablet shall be marked/embossed with a product identification code to identify the active ingredient(s), strength, and manufacturer. The materials used in marking/embossing the dosage forms shall be acceptable to the FDA. The actual code used for the product shall be left to the discretion of the supplier.

Workmanship. The tablets shall be free from defects which detract from their appearance or impair their serviceability.

AMSC N/A FSC 6505

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Unit.

For Size I - Bottle (BT). One bottle containing 100 tablets, as specified, constitutes one unit.

For Size II - Bottle (BT). One bottle containing 250 tablets, as specified, constitutes one unit.

For Size III - Bottle (BT). One bottle containing 500 tablets, as specified, constitutes one unit.

For Size IV - Package (PG). One package containing 100 tablets, individually sealed in blister or strip packaging for unit dose utilization, as specified, constitutes one unit.

For Size V - Container (CO). Shall be supplied 20 tablets in a bottle with a child-resistant safety closure and minimum height of 51 mm base to shoulder, or in a blister or strip packaging. One container, as specified, constitutes one unit.

For Size VI - Container (CO). Shall be supplied 40 tablets in a bottle with a child-resistant safety closure and minimum height of 51 mm base to shoulder, or in a blister or strip packaging. One container, as specified, constitutes one unit.

Contractor Certification. The contractor shall certify and maintain substantiating evidence that the product offered meets the salient characteristics of this Commercial Item Description, and that the product conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U.S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug, and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.
