COMMERCIAL ITEM DESCRIPTION

COUNTER, RECIPROCATING, HAND HELD

The General Services Administration has authorized the use of this commercial item description for all federal agencies.

1. SCOPE

This commercial item description covers four digit (0000 to 9999), hand held, mechanical, reciprocating counters used for counting people, cars, etc.

2. SALIENT CHARACTERISTICS

2.1 The counter shall consist of a case, registering wheels and count mechanism, thumb lever, reset mechanism and a means of holding securely.

2.2 The counter shall be permanently marked with the manufacturer's or seller's name or trademark and capable of being read with the naked eye.

2.3 The case shall be of a corrosion resistant material and not show any evidence of damage when tested and shall have a viewing window made of clear plastic or glass.

2.4 Four registering wheels shall be provided, each with ten numerals from 0 to 9 inclusive. The numerals shall be not less than 4 mm in height. Means shall be provided whereby the units, tens, hundreds and thousands digits shall be advanced in proper sequence when wheels are operated by the operating key.

2.5 The operating key, for advancing numerals, shall be designed to permit ease of operation by thumb of either hand. Each depression of the key shall cause the counter to advance one consecutive number without skipping any numeral.

2.6 The holding ring, if supplied, shall have an inside diameter of 25 +/- 5 mm, and at least 0.5 mm thick.

2.7 Counters shall be provided with a means whereby all registering wheels can be quickly and accurately returned to a zero reading.

2.8 Workmanship. All burrs and rough and sharp edges shall be removed. Counters shall be free from any defects that affect appearance, durability or serviceability or any defects that may cause injury to the user.

Beneficial comments, recommendations, additions, deletions, clarifications, etc. and any other data which may improve this document should be sent to: General Services Administration, Engineering Branch (2FYEE), New York, NY 10278.

2.9 Warranty. Counters shall be warranted for a period of one year on both parts and labor, from date of delivery to the Government.

3. REGULATORY REQUIREMENTS

The offeror/contractor is encouraged to use recovered materials to the maximum extent practicable, in accordance with paragraph 23.4303 of the Federal Acquisition Regulation (FAR).

4. PRODUCT CONFORMANCE

The product provided shall meet the salient characteristics of this commercial item description. The quality of the product sold to the government shall be equal to or better than the quality of the product sold by the manufacturer in the commercial market. The government reserves the right to require proof of such conformance.

5. PACKAGING

Preservation, Packaging, Packing, Labeling, and Marking shall be as specified in the contract or purchase order.

6. NOTES

6.1 Addresses for obtaining copies of referenced documents:

Federal Acquisition Regulations (FAR) may be obtained from the U.S. Government Printing Office, Washington, D.C. 20402.

The issue date in effect on date of invitation for bids or request for proposal shall apply.

6.2 Ordering Data: Purchasers should include in procurement documents: Title, number, and date of this document.

6.3 List of NSN's:
