ADOPTION NOTICE

ASTM-A511/A511M, “Tubing, Mechanical, Seamless Stainless Steel", was adopted on 02 February 2012 for use by the Department of Defense (DoD). Proposed changes by DoD activities must be submitted to the DoD Adopting Activity: DLA Land and Maritime, Attn: VAI, 3990 East Broad Street, Columbus, OH 43218-3990 or fluidflow@.dla.mil. Copies of these documents are available online at http://www.astm.org or from the ASTM International, P.O. Box C700, 100 Barr Harbor Drive, West Conshohocken, PA 19428-2959.

Caution: The values stated in each system may not be exact equivalents; therefore, each system must be used independently of the other. Reason: In ASTM-A511/A511M there are changes in the values in mm for inch dimensions that are not quite correct as conversions but often round number near approximations.
