COMMERCIAL ITEM DESCRIPTION

SOCKS, MEN'S, RIBBED KNIT, STRETCH TYPE

The General Services Administration has authorized the use of this Commercial Item Description in preference to class 1 of Military Specification MIL-S-12549.

Salient characteristics:

Description. The socks shall be seamless, circular rib knit, stretch type with a ribbed elastic top and suitable for dress wear.

Material. The socks shall be made of cotton twisted or plied with stretch nylon, or 100 percent stretch nylon, or stretch nylon plaited over cotton, or stretch nylon in combination with an acrylic yarn. The elastic yarn for the cuff shall consist of a spandex core with a stretch type nylon inner and outer cover. The weight of the socks by size shall be as listed in table I. The color shall be black.

Sizes. There shall be three sizes as listed in table I.

Stretch. The finished socks shall conform to the stretch requirements listed in table I.

TABLE I. Size and physical requirements

Size	Min. wt. per dozen 1/	Min. relaxed leg length in inches 2/	Max. relaxed foot length in inches 3/	Min. stretched foot length in inches 4/
9 - 11	10.5 oz.	10-1/2	8-1/2	12
10 - 13	11.5 oz.	10-1/2	10-1/2	14
13 - 15	12.5 oz.	10-1/2	12-1/2	16

1/ Unpackaged socks only.

2/ The length is the measured distance from the bottom of the heel to the top of the sock.

3/ The measurement of the relaxed foot length shall be taken in a straight line from the tip of the toe to the back of the heel along a straight line through the tip of the toe and the bottom of the heel gore.

Check the source to verify that this is the current version before use.

4/ The measurement of the stretched foot length shall be taken from the tip of the toe to the lower end of the heel gore, holding the sock firmly between the thumb and the finger at the toe tip and at the heel gore, and stretching the fabric to its limit.

Size and registered number markings. Size marking and RN (Registered Number) shall be applied below the rib knit instep and centered between the ankle and toe.

Certification. The contractor shall certify that the product offered meets the salient characteristics of this description, and that the product conforms to the producer's own drawings, specifications, standards and quality assurance practices, and is the same product sold in the commercial marketplace. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Packaging:

A. Packaging. Twelve pairs of socks, of one size only shall be neatly stacked in a bundle and securely tied with cotton tape or twine in accordance with commercial practice.

B. Packing. One hundred and twenty pairs (10 bundles) of socks of the same size shall be packed in accordance with commercial practice complying with Uniform Freight Classification or National Freight Classification as applicable.

C. Marking. Commercial markings are acceptable, provided the following information is included.

National stock number	Contract number
Quantity, Size and Unit	Name, address and zip code of manufacturer
Date of pack
