TIER II ADOPTION NOTICE

SAE AS9145, "Aerospace Series – Requirements for Advanced Product Quality Planning (APQP) and Production Part Approval Process (PPAP)," was adopted on 3 Jan 2025 for use by the Department of Defense (DoD). Proposed changes by DoD activities must be submitted to the DoD Adopting Activity at engineering.standards@us.af.mil or AFLCMC/EZSS, Bldg. 28 Rm. 133, 2145 Monahan Way, Wright-Patterson AFB, OH 45433-7017.

SAE AS9145 establishes requirements for performing and documenting APQP and PPAP. APQP begins with conceptual product needs and extends through product definition, production planning, product and process validation (i.e., PPAP), product use, and post-delivery service. This standard integrates and collaborates with the requirements of the 9100, 9102, 9103, and 9110 standards. Copies of this document may be obtained from https://www.sae.org/, or via email at CustomerService@sae.org, or SAE International, 400 Commonwealth Drive, Warrendale PA 15096.
