COMMERCIAL ITEM DESCRIPTION

FINGER COT, SURGICAL, DISPOSABLE

The General Services Administration has authorized the use of this commercial item description in preference to Federal Specification ZZ-F-1299A.

This commercial item description covers two sizes of disposable finger cots suitable for use as a covering in aseptic examinations by finger.

Salient characteristics:

The finger cots shall be in accordance with ASTM D 3772, for Type 1 (rolled) cots. Cots shall be size medium (24 ± 2 mm) or large (30 ± 2 mm) in accordance with the applicable item identification.

Workmanship. The finger cots shall be free from defects which detract from their appearance or impair their serviceability.

Unit. Package (PG). One package containing one hundred and forty-four finger cots, as specified, constitutes one unit.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices, and is the same as the product sold in the commercial marketplace. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U. S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

Recovered materials. The offeror/contractor is encouraged to use recovered material in accordance with Public Law 94-580 to the maximum extent practical.

Preservation, packaging, packing, labeling, and marking. Unless otherwise specified, preservation, packaging, and packing shall be to a degree of protection to preclude damage to containers and/or contents thereof under normal shipping conditions, handling, etc., involving shipment from the supply source to the receiving activity, plus reshipment from receiving activity, and shall conform to applicable carrier's rules and regulations. Intermediate and exterior package quantities and labeling and marking shall be as specified in the contract and/or order.

NOTE: The following National Stock Numbers are covered by this document: 6515-00-935-1193 for medium size and 6515-00-935-1194 for large size.
