COMMERCIAL ITEM DESCRIPTION

PERPHENAZINE AND AMITRIPTYLINE HYDROCHLORIDE TABLETS

The General Services Administration has authorized the use of this Commercial Item Description.

Salient characteristics.

Shall be Perphenazine and Amitriptyline Hydrochloride Tablets.

All ingredients shall be pharmaceutical grade.

For Strength 1, shall contain 2 mg of Perphenazine and 25 mg of Amitriptyline Hydrochloride, within the designated assay limits for the tablets.

For Strength 2, shall contain 4 mg of Perphenazine and 25 mg of Amitriptyline Hydrochloride, within the designated assay limits for the tablets.

The tablets shall assay to contain not less than 90.0 percent and not more than 110.0 percent of the required amount of Perphenazine and Amitriptyline Hydrochloride when determined by a suitable, accurate, and reproducible method(s).

For Type I, the tablets must be considered by the FDA to be therapeutically equivalent with Perphenazine and Amitriptyline Hydrochloride Tablets by Schering Corporation at the same dosage and administration schedule.

For Type II, the tablets must be considered by the FDA to be therapeutically equivalent with Perphenazine and Amitriptyline Hydrochloride Tablets by Merck, Sharp and Dohme at the same dosage and administration schedule.

AMSC/NA FSC 6505

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Each tablet shall be marked/embossed with a product identification code to identify the active ingredient(s), strength, and manufacturer. The materials used in marking/embossing the dosage forms shall be acceptable to the FDA. The actual code used for the product shall be left to the discretion of the supplier.

Workmanship. The tablets shall be free from defects which detract from their appearance or impair their serviceability.

Unit. Bottle (BT).

For Size 1, One bottle containing 100 tablets, as specified, constitutes one unit.

For Size 2, One bottle containing 500 tablets, as specified, constitutes one unit.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U.S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

Recovered materials. The offeror/contractor is encouraged to use recovered material in accordance with Public Law 94-580, as amended, and as implemented by Federal Acquisition Regulation Subpart 23.4 to the maximum extent practical.
