INTERIM COMMERCIAL ITEM DESCRIPTION

ANTIPYRINE AND BENZOCAINE SOLUTION, USP

The General Services Administration has authorized the use of this Interim Commercial Item Description which was developed by the Defense Personnel Support Center, Directorate of Medical Materiel, DPSC-RST, 2800 South 20th Street, Philadelphia, PA 19101, based upon currently available technical information. This document may be used in preference to A-A-50859 dated 17 January 1983.

Salient Characteristics:

Shall be a solution of Antipyrine and Benzocaine in accordance with the following formula:

	Per 15 ml
Glycerin, USP (anhydrous)	17.90 Gram
Antipyrine	0.81 Gram
Benzocaine, USP	0.21 Gram

A suitable preservative is required if a bottle with an accompanying (separate) dropper closure is supplied. A preservative is not required if a bottle with dropper closure (single-unit dropper tip closure bottle) is supplied.

Shall assay to contain not less than 90.0 percent and not more than 110.0 percent of the required amount of Antipyrine and Benzocaine when assayed by a suitable, accurate and reproducible method(s).

Shall contain not more than 0.6 percent water when determined by the titrimetric method in the USP.

Workmanship. The solution shall be free from defects which detract from its appearance or impair its serviceability.

Unit. Bottle (BT). One bottle containing 15 ml of solution, as specified, constitutes one unit.

Unit bottle shall consist of either a bottle with integral dropper closure or bottle with accompanying separate dropper.

AMSC/NA FSC 6505

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U.S. Food and Drug Administration to be under its jurdisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

Recovered materials. The offeror/contractor is encouraged to use recovered material in accordance with Public Law 94-580 to the maximum extent practical.

Preservation, packaging, packing, labeling, and marking. Unless otherwise specified, preservation, packaging, and packing shall be to a degree of protection to preclude damage to containers and/or contents thereof under normal shipping conditions, handling, etc., involving shipment from the supply source to receiving activity, plus reshipment from receiving activity, and shall conform to applicable carrier's rules and regulations. Intermediate and exterior package quantities and labeling and marking shall be as specified in the contract and/or order.

NOTE: The following National Stock Number is covered by this document:

NSN	ITEM IDENTIFICATION
6505-00-598-5830	ANTIPYRINE AND BENZOCAINE SOLUTION, USP, 15 ml
