COMMERCIAL ITEM DESCRIPTION

SUPPORT, CERVICAL, Medium Size (Jaw Cut-Out)

The General Services Administration has authorized the use of this commercial item description.

This commercial item description covers a medium size cervical support, with hook and pile fastener, suitable for maintenance of the cervical spine in either slight hyperextension or flexion.

Salient characteristics:

The cervical support shall be fabricated of a suitable medium density polyurethane foam material covered with stockinette. The cervical support shall be cut high in the front and low in the back and shall have approximate dimensions of 4 inches (10 cm) wide by 20-1/2 inches (52 cm) long. The support shall have a formed depression (jaw cut-out) in the approximate center of the top edge for the purpose of comfortably supporting the chin. The inner portion of the support shall be fabricated from open cell, flexible, polyurethane foam. The outer covering of the support shall be fabricated from bleached or greige (natural) cotton yarn. The stockinette shall not contain any seams and shall be a snug fit on the foam. A hook and pile fastener shall be securely sewn to the tapered ends of the support.

Workmanship. The cervical supports shall be free from defects which detract from their appearance or impair their serviceability.

Unit. Each (EA). Each support, as specified, constitutes one unit.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices, and is the same as the product sold in the commercial marketplace. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U. S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

Recovered materials. The offeror/contractor is encouraged to use recovered material in accordance with Public Law 94-580 to the maximum extent practical.

Preservation, packaging, packing, labeling, and marking. Unless otherwise specified, preservation, packaging, and packing shall be to a degree of protection to preclude damage to containers and/or contents thereof under normal shipping conditions, handling, etc., involving shipment from the supply source to the receiving activity, plus reshipment from receiving activity, and shall conform to applicable carrier's rules and regulations.
