COMMERCIAL ITEM DESCRIPTION

SULFUR AND POLYOXYETHYLNE LAURYL ETHER CREAM

The General Services Administration has authorized the use of this commercial item description.

This commercial item description covers Sulfur and Polyoxyethylene Lauryl Ether Cream, for topical use in the treatment of acne.

Salient characteristics:

Shall be a flesh-tan colored, pleasantly scented medicated cream which shall be uniformly smooth, homogeneous and free from any particulate matter or grittiness. The cream shall contain two percent Sulfur, USP, six percent Polyoxyethylene Lauryl Ether, Zinc Oxide, Talc and Bentonite.

Shall assay to contain not less than 90.0 percent and not more than 110.0 percent of the required amounts of Sulfur, and Polyoxyethylene Lauryl Ether when assayed by suitable, accurate and reproducible methods.

Not more than 4 months shall have elapsed from the date of manufacture to the date of delivery to the Government.

Workmanship. Cream shall be free from defects which detract from its appearance or impair its serviceability.

Unit. Tube (TU). One ointment tube containing 1 oz. (28.75 grams), as specified, constitutes one unit.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U. S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.
