INTERIM COMMERCIAL ITEM DESCRIPTION

THIETHYLPERAZINE MALEATE SUPPOSITORIES, USP

The General Services Administration has authorized the use of this Interim Commercial Item Description which was developed by the Defense Personnel Support Center, Directorate of Medical Materiel, DPSC-RST, 2800 South 20th Street, Philadelphia, PA 19101, based upon currently available technical information.

Salient characteristics:

Shall be Thiethylperazine Maleate Suppositories, USP.

Shall be in accordance with the requirements of the USP.

Shall contain 10 mg Thiethylperazine Maleate per suppository, within the applicable assay limits.

All ingredients shall be of pharmaceutical grade.

Workmanship. Suppositories shall be free from defects which detract from their appearance or impair their serviceability.

Unit. Package (PG). One package containing 12 individually sealed suppositories, as specified, constitutes one unit.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U.S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug and Cosmetic Act, as amended, and

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.
