COMMERCIAL ITEM DESCRIPTION

SURVEYOR'S TOOL POUCH

The General Services Administration has authorized the use of this commercial item description as a replacement for A-A-52009 for all federal agencies.

1. SCOPE.

1.1 Abstract. This commercial item description covers a surveyor's tool pouch designed to carry a plumb bob, a note book, a six foot folding rule, a crayon, a marker, nails, tacks and a minimum of 10 marking arrows.

2. SALIENT CHARACTERISTICS.

2.1 Description. This CID covers a surveyor's tool pouch designed to hold a 10-16 ounce plumb bob, a standard field note book, a six foot folding rule, a crayon, a marker, nails, tacks and a minimum of 10 marking arrows. The pouch shall be equipped with a belt that can be adjusted to fit 24 through 42 waist lines or be equipped with provisions for attaching a belt one to four inches wide without the use of tools.

2.2 Materials. The pouch shall be fabricated from compatible materials, inherently corrosion resistant or to be treated to protect against corrosion and deterioration.

2.2.1 Treatment. The pouch shall be treated in accordance with the manufacturer's normal method for retail distribution.

Beneficial comments, recommendations, additions, deletions, clarifications, etc. and any data which may improve this document should be sent to: U.S. Army Engineer Research And Development Center, Corps Of Engineers, Topographic Engineering Center, ATTN: CEERD-TS-T, 7701 Telegraph Road, Alexandria, Virginia 22315-3864 or emailed to pd-te@tec.army.mil . Since contact information can change, you may want to verify the currency of this address information using the assist online database at http://assist.daps.dla.mil.

3. REGULATORY REQUIREMENTS

3.1 Recovered material. The offeror/contractor is encouraged to use recovered materials to the maximum extent practicable, in accordance with paragraph 23.403 of the Federal Acquisition Regulation (FAR).

4. QUALITY ASSURANCE PROVISIONS

4.1 Product conformance. The products provided shall meet the salient characteristics of this CID, conform to the producer's own drawings, specifications, standards, and quality assurance practices, and be the same product offered for sale in the commercial market. The government reserves the right to require proof of such conformance as provided for in the provisions of the contract or purchase order.

4.2 Market acceptability. The pouch offered shall be the latest model of the standard product of the supplier that has been used in the field, by commercial organizations, for at least one year.

5. PACKAGING. Preservation, packing, and marking shall be as specified in the contract or order.

6. NOTES.

6.1 Intended use. The surveyor's pouch is intended to carry a plumb bob, a standard field note book, a six foot folding rule, a crayon, a marker, nails, tacks and a minimum of 10 marking arrows.
