[INCH-POUND]
MIL-D-23615B(AS)
AMENDMENT 2
15 October 1990
SUPERSEDING
MIL-D-23615B(AS)
AMENDMENT 1
24 September 1974

MILITARY SPECIFICATION

DESIGN AND EVALUATION OF CARTRIDGE ACTUATED DEVICES

This amendment forms a part of MIL-D-23615B(AS), dated 5 March 1974, and is approved for use by the Naval Air Systems Command, Department of the Navy, and is available for use by all Departments and Agencies of the Department of Defense.

PAGE 1

* After 1.1, add "Scope."

* 1.1, line 9, delete "6.3.1" and substitute "6.4.1."

* Add the following above FSC 1377:

Beneficial comments (recommendations, additions, deletions) and any pertinent data which may be of use in improving this document should be addressed to: Naval Air Engineering Center, Systems Engineering and Standardization Department (Code 53), Lakehurst, NJ 08733-5100, by using the Standardization Document Improvement Proposal (DD Form 1426) appearing at the end of this document or by letter.

PAGE 2

* Add "2.1 Government documents."

* Delete existing 2.1 and its paragraph and substitute:

"2.1.1 Specifications, standards and handbooks. The following specifications, standards and handbooks form a part of this document to the extent specified herein. Unless otherwise specified, the issues of these documents are those listed in the issue of the Department of Defense Index of Specifications and Standards (DODISS) and supplement thereto, cited in the solicitation (see 6.2).

2.1.1, under SPECIFICATIONS, Military,

* a. Change "MIL-D-1000" to "DOD-D-1000"

b. Add "MIL-D-81980 Design and Evaluation of Signal Transmission Subsystems: General Specification for"

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Source: https://assist.dla.mil -- Downloaded: 2026-10-19T17:22Z
Check the source to verify that this is the current version before use.

PAGE 3

*2.1.1, under STANDARDS

a. Add "Federal

FED-STD-H28 Screw-Thread Standards for Federal Services"

*2.1.1, under STANDARDS, Military,

a. delete "MIL-STD-143" and its title and substitute:

"MIL-STD-970 Standards and Specifications, Order of Precedence for the Selection of"

b. delete "MIL-STD-794" and its title and substitute:

"MIL-STD-2073-1 DoD Materiel Procedures for Development and Application of Packaging Requirements"

c. add "DOD-STD-2101 Classification of Characteristics"

*After listing of STANDARDS, Military add:

"(Unless otherwise indicated, copies of federal and military specifications, standards, and handbooks are available from the Standardization Documents Order Desk, Building 4D, 700 Robbins Avenue, Philadelphia, PA 19111-5094.)"

PAGE 4

*Delete "Navy Department
WR-43A Preparation of Quality Assurance Provisions"

*Add the following:

"2.1.2 Other Government documents, drawings, and publications. The following other Government documents, drawings, and publications form a part of this document to the extent specified herein. Unless otherwise specified, the issues are those cited in the solicitation.

*Add below 2.1.2
"OTHER GOVERNMENT DOCUMENTS

CODE OF FEDERAL REGULATIONS

49CFR Parts 100-177 Transportation

49CFR Parts 178-199 Transportation

(Copies are available from the Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402-0001.)"

After "(Copies are available from the Superintendent of Documents _ _ _ _.)" add:
* "2.2 Non-Goverment publications. The following document(s) form a part of this document to the extend specified herein. Unless otherwise specified, the

Source: https://assist.dla.mil -- Downloaded: 2026-10-19T17:22Z
Check the source to verify that this is the current version before use.

issues of the documents which are DoD adopted are those listed in the issue of the DODISS cited in the solicitation. Unless otherwise specified, the issues of documents not listed in the DODISS are the issues of the documents cited in the solicitation (see 6.2)."

* Delete "National Aerospace" and substitute "Aerospace Industries Association of America."

* Beneath listing of NAS 1091 add:

"(Application for copies should be addressed to the Aerospace Industries Association of America, Inc., 1250 Eye Street NW, Washington, DC 20005.)"

* Add the following below "(Application for copies should be----------.)"

"(Non-Government standards and other publications are normally available fom the organizations that prepare or distribute the documents. These documents also may be available in or through libraries or other informational services.)"

* Delete existing "PUBLICATIONS" and listing of "DSM 4120.3-M" and "49 CFR 171-178" in their entirety.

* Delete existing "National Bureau of Standards" and "Handbook H-28" in its entirety.

Add the following paragraphs:

* "2.3 Order of precedence. In the event of a conflict between the text of this document and the references cited herein, the text of this document takes precedence. Nothing in this document, however, supersedes applicable laws and regulations unless a specific exemption has been obtained.

* 2.4 Streamlining. This document has been streamlined. Appendix A to MIL-D-23615 lists those documents required for MIL-D-23615 acquisition and is a mandatory part of MIL-D-23615. Those documents listed in Appendix A have the same status as those referenced directly in MIL-D-23615 (first tier documents). All other documents, referenced through tiering, may be used as guidance and information to supplement MIL-D-23615. MIL-D-23615 is a streamlined document."

* 3.1, last line, delete "MIL-STD-143" and substitute "MIL-STD-970."

PAGE 6

* 3.6.3, line 2, delete "(see 6.3.1)" and substitute "(see 6.4.1)."

* 3.6.5.1, line 3, delete "6.3.4" and substitute "6.4.4."

* 3.6.7, last line, delete "6.3.2" and substitute "6.4.2."

* 3.6.7.1, line 4, after cognizant design agency, add "(see 6.4.3)."

PAGE 7

* 3.6.11, last line, delete "National Bureau of Standards Handbook H-28" and substitute "FED-STD-H28."

Check the source to verify that this is the current version before use.

PAGE 8

Add the following paragraph:

"3.6.14 Cartridge actuated devices for signal transmission subsystems. CADs employed in signal transmission subsystems shall meet all additional requirements specified in MIL-D-81980."

* Delete existing paragraphs 3.9 Contractual documentation and data requirements, 3.9.1, 3.9.2, and 3.9.3 in their entirety.

* Add "3.9 Drawings. Drawings, including special tooling required, packaging, and detail and assembly drawings of test sets, shall be in accordance with DOD-D-1000 (see 6.3). A full disclosure of detail and assembly drawings of test sets is mandatory. If full disclosure cannot be obtained, then a source control drawing, including packaging, as defined in DOD-D-1000, shall be available. If source control drawings are available, complete drawings containing restrictive use notation shall be available to facilitate in-service support/malfunction investigation.

PAGE 9

* Delete existing paragraphs 3.9.4, 3.9.5, 3.9.5.1, 3.9.6, 3.9.7, and 3.9.8 in their entirety.

PAGE 10

3.11.4, line 2, after "cycling," delete "and storage."

* After 3.12.1, add "Low temperature operation."

* After 3.12.2, add "High temperature operation."

* After 3.12.3, add "Normal temperature operation."

* After 3.12.4, add "High altitude operation."

* After 3.12.5, add "Submerged operation."

* After 3.12.6, add "Iced condition."

* After 3.13.1, add "Locked shut operation."

PAGE 11

* After 3.13.2, add "No load operation."

3.14, line 2, after "CAD" add "after environmental testing."

3.14, line 3, delete "operational" and substitute "functional."

* 3.15, delete first sentence and substitute "Development tests shall be conducted to establish a design freeze of the CAD."

* 3.15.1, line 4, after "herein", add "(see 6.3)."

Source: https://assist.dla.mil -- Downloaded: 2026-10-19T17:22Z
Check the source to verify that this is the current version before use.

PAGE 12

* 3.16.1, line 10, delete "submitted" and substitute "available."

* 3.16.1, last line, after "release," add "(see 6.3)."

PAGE 13

* 3.16.2, line 8, delete "submitted" and add "available."

* 3.16.2, line 10, after "service" add "(see 6.3)."

In table II, under test, after "Temperature and Humidity Cycling" delete "and Storage."

PAGE 15

* Delete existing 3.17 in its entirety.

* Delete "3.18 Workmanship" and substitute "3.17 Workmanship."

* 4.1, lines 2 and 4, delete "supplier" and substitute "contractor."

* 4.1, line 3, after requirements, add "(examinations and tests)."

* 4.1, line 8, delete "when" and substitute "where."

"* 4.1, line 8, delete "assure" and substitute "ensure."

* Add the following paragraph:

"4.1.1 Responsibility of compliance. All items shall meet all requirements of sections 3 and 5. The inspection set forth in this specification shall become a part of the contractor's overall inspection system or quality program. The absence of any inspection requirements in the specification shall not relieve the contractor of the responsibility of ensuring that all products or supplies submitted to the Government for acceptance comply with all requirements of the contract. Sampling inspection, as part of manufacturing options, is an acceptable practice to ascertain conformance to requirements, however, this does not authorize submission of known defective material, either indicated or actual, nor does it commit the Government to accept defective material."

PAGE 16

* 4.3.1, line 6, delete "maintained and be."

* 4.5.1, line 2, delete "(see 3.18)" and substitute "(see 3.17)."

* 4.6.1, line 2, delete "103" and substitute "103.2."

Source: https://assist.dla.mil -- Downloaded: 2026-10-19T17:22Z
Check the source to verify that this is the current version before use.

PAGE 17

* 4.6.3, line 1, delete "516" and substitute "516.4."

4.6.4, line 1, in the paragraph title, delete "and storage."

PAGE 19

* 4.6.5, line 2, delete "Table 514.1-I using curve Z" and substitute "Table 514.4-I."

* 4.6.5, line 5, after "+200°F," add a new sentence "When random vibration is performed, a power spectral density of less than 0.1 g^2/Hz must be approved by the cognizant design activity."

* 4.6.6, line 2, delete "509" and substitute "509.3."

* 4.6.7, line 1, delete "510" and substitute "510.3."

PAGE 21

4.7.8, after the last sentence, add "The immersion time at 100 feet, prior to CAD operation, shall be subject to the approval of the cognizant design activity."

* Delete 4.8 in its entirety and substitute "4.8 Inspection of packaging. The sampling and inspection of the preservation, packing, and container marking shall be in accordance with section 5."

Add the following paragraph:

"4.9 Classification of characteristics. Classification of characteristics shall be in accordance with DOD-STD-2101."

* Delete "5. PREPARATION FOR DELIVERY" and substitute "5. PACKAGING."

* Delete "5.1 Packaging, packing, and marking" in its entirety.

* Add the following paragraphs:

"5.1 Preservation. Preservation, including with or without preservative, shall be in accordance with MIL-P-116. The appropriate method shall be specified (see 6.2).

5.2 Packing. Packing shall be in accordance with MIL-STD-2073-1, level A or C (see 6.2).

5.3 Marking. Marking shall be in accordance with MIL-STD-129 and Code of Federal Regulations 49 CFR Parts 171-178 as applicable (see 6.2)."

PAGE 22

* Below 6. Notes add:

"(This section contains information of a general or explanatory nature that may be helpful, but is not mandatory.)"

Source: https://assist.dla.mil -- Downloaded: 2026-10-19T17:22Z
Check the source to verify that this is the current version before use.

* Delete "6.2 Ordering data. Procurement documents should specify the following:" and substitute "6.2 Acquisition requirements. Acquisition documents should specify the following:"

* 6.2, delete "b." in its entirety and add "b. Method of preservation, level of packing, and marking requirements (see 5.1, 5.2, and 5.3)."

* 6.2, delete "d. Data requirements (see 3.9)" and substitute "d. Where data items (see 6.3) are to be forwarded."

* 6.2, add "e. Issue of DODISS to be cited in the solicitation, and if required, the specific issue of individual documents referenced (see 2.1.1 and 2.2)."

* Delete existing 6.4 in its entirety and add:
"6.3 Consideration of data requirements. The following data requirements should be considered when this specification is applied on a contract. The applicable Data Item Descriptions (DID's) should be reviewed in conjunction with the specific acquisition to ensure that only essential data are requested/provided and that the DID's are tailored to reflect the requirements of the specific acquisition. To ensure correct contractual application of the data requirements, a Contract Data Requirements List (DD Form 1423) must be prepared to obtain the data, except where DOD FAR Supplement 27.475-1 exempts the requirement for a DD Form 1423.

Reference Paragraph	DID Number	DID Title	Suggested Tailoring
3.9	DI-DRPR-81000	Product drawings and associated lists	----
	DI-DRPR-81001	Conceptual design drawings and associated lists	----
	DI-DRPR-81002	Developmental design drawings and associated lists	----
3.15.1, 3.16.1, 3.16.2	DI-E-2121	Certificate of compliance	----

The above DID's were those cleared as of the date of this specification. The current issue of DOD 5010.12-L, Acquisition Management Systems and Data Requirements Control List (AMSDL), must be researched to ensure that only current, cleared DID's are cited on the DD Form 1423."

* Delete existing paragraph numbers 6.3, 6.3.1, 6.3.2, 6.3.3, and 6.3.4 and renumber 6.4, 6.4.1, 6.4.2, 6.4.3, and 6.4.4 respectively.

PAGE 23

* Add "6.6 Subject term (key word) listing.

Environmental conditions
Radiographic examination
Warning streamer"

* Add the following:
"6.7 Streamlining. For MIL-D-23615 acquisitions, the required portions of all MIL-D-23615 tier reference documents shall be limited to the portions described in the "Applicability" column in Table III in Appendix A.

Source: https://assist.dla.mil -- Downloaded: 2026-10-19T17:22Z
Check the source to verify that this is the current version before use.

6.8 Tailoring. When MIL-D-23615 is tailored in an acquisition, Appendix A must be tailored accordingly. In particular, when Appendix A is tailored, specific attention must be given to the chain of referencing. For example, if a first tier reference document in MIL-D-23615 is tailored out, all of the reference documents which are tiered to that first tier reference document must be tailored out."

PAGE 24

* Add "APPENDIX A" on a new page as follows:

APPENDIX A

STREAMLINING INFORMATION

10. SCOPE

10.1 Scope. This appendix is a list of documents referenced in MIL-D-23615 or tiered to documents referenced in MIL-D-23615. These documents have the same status as those referenced directly in MIL-D-23615 (first tier documents). This Appendix is a mandatory part of this specification. The information contained herein is intended for compliance.

10.2 Application. This appendix identifies the applicability of the documents referenced in MIL-D-23615 or tiered to documents referenced in MIL-D-23615 through the third tier. Only that portion(s) of a document listed in Table III of this Appendix and described in the "Applicability" column, is pertinent in the use of MIL-D-23615. If MIL-D-23615 is tailored in acquisition, this Appendix must also be tailored.

20. DOCUMENTS

20.1 Documents. The documents listed herein and corresponding applicability data have been identified as required. All other documents referenced through tiering are not considered required and may be used for guidance and information.
