DATA ITEM DESCRIPTION

Title: GOVERNMENT FURNISHED PROPERTY INVENTORY AND FORECASTING REPORT

Number: DI-MGMT-81947C
AMSC Number: N10700
DTIC Applicable: N/A
Preparing Activity: AS
Applicable Forms: N/A

Approval Date: 20260922
Limitation: N/A
GIDEP Applicable: N/A
Project Number: MGMT-2026-020

Use/relationship: The Government Property Inventory and Forecasting Report provides Government Property inventory data along with spares, repair parts, and consumables usage and provides a forecast for such items based on usage and other logistics forecasting tools and methods.

This Data Item Description (DID) contains format and content preparation instructions for the data product generated by the specific and discrete task requirement as delineated in the contract.

This DID supersedes DI-MGMT-81947B.

Requirements:

1. Reference Documents. The applicable issue of the documents cited herein, including their approval dates and dates of any applicable amendments, notices and revisions, shall be as specified in the contract.

2. Format. Government format will be provided in either a Government Furnished Property (GFP) excel workbook for large amounts of GFP or a GFP Attachment in a fillable Adobe pdf. form. Both the excel workbook and the .pdf fillable form shows there is an agreement between the Contractor and the Government of what is provided under the contract as GFP (tangible assets only). The excel GFP Attachment has three main sections: Contract Information, Provisioned, Requisitioned.

3. Content. The Government Furnished Property Inventory and Forecasting Report shall include the following four (4) elements:

3.1. Contract Information Tab

3.1.1. Attachment Number

3.1.2. Attachment File

3.1.3. Attachment Date

3.1.4. Contracting Officer Information

Check the source to verify that this is the current version before use.

3.1.5. Contract or Solicitation Information

3.1.6. Custodial Procurement Instrument Identification

3.2. Provisioned Items are provided to the Contractor by DoD and require all events identified in DFARS 252.211-7007 to be reported by the Contractor. The Provisioned tab shall include the following data items:

3.2.1. Line Number*

3.2.2. Item Name*

3.2.3. Item Description*

3.2.4. National Stock Number**

3.2.5. Manufacturer's CAGE Code***

3.2.6. Part Number***

3.2.7. Model Number**

3.2.8. Serial Management

3.2.9. Property Classification

3.2.10. Property System ID

3.2.11. Quantity*

3.2.12. Unit of Measure*

3.2.13. Unit Acquisition Costs

3.2.14. Use as Is*

3.2.15. Delivery Date

3.2.16. Duration

3.2.17. Time Unit*

3.2.18. Delivery Event*

3.2.19. Notes

3.3. Items that are authorized to be requisitioned by the Contractor and paid for by DoD are listed on the Requisitioned Items section. Note that items for which the Contractor has authorization to requisition which are paid for by the Contractor are not identified on the GFP Attachment. The Requisitioned tab shall include the following data items:

3.3.1. Line Number*

3.3.2. Item Name*

3.3.3. Item Description*

3.3.4. National Stock Number**

3.3.5. Manufacturer's CAGE Code***

3.3.6. Part Number***

3.3.7. Serial Management

3.3.8. Property Classification

3.3.9. Property Usage

3.3.10. Property System ID

3.3.11. Quantity*

3.3.12. Unit of Measure*

3.3.13. Unit Acquisition Costs

3.3.14. Use as Is*

3.3.15. Upgradable

*Denotes a required field.
** A minimum of one of these fields is required for each item record
***If either the Manufacturer's CAGE code or Part Number is entered, the other is required.
If any one of the duration, time unit, or delivery event is populated, all three must be populated.

Note: Instructions for filling out the GFP Attachment can be found at:
http://dodprocurementtoolbox.com/site-pages/gfp-attachments

3.4. Forecast Quantity****:

3.4.1. Item Number

3.4.2. Part Number

Source: https://assist.dla.mil -- Downloaded: 2026-10-26T10:56Z
Check the source to verify that this is the current version before use.

3.4.3. Nomenclature

3.4.4. Forecasted Quantity Required (for the next ordering period)

3.4.5. Cost per unit

3.4.6. Total Cost

****The Forecast Quantity is not standard for the GFP requirement for contractual purposes but is for Resource Finance Management and budgeting purposes. It for what parts and equipment needs to be on order to be delivered in time so that there is not a backorder or parts and equipment not available when needed.

End of DI-MGMT-81947C
