COMMERCIAL ITEM DESCRIPTION

INSECTICIDE, PARADICHLOROBENZENE

The General Services Administration has authorized the use of this commercial item description as a replacement for Federal specification O-P-99B which is canceled.

1. ABSTRACT

1.1 Scope and intended use. This commercial item description covers one grade of paradichlorobenzene for use as a fumigant against fabric pests, principally the clothes moth. It is most effective when applied in a confined area, especially one which may be enclosed in an airtight tent or wrapping. Paradichlorobenzene should not be used in conjunction with naphthalene.

2. SALIENT CHARACTERISTICS

2.1 **Form.** Paradichlorobenzene shall be a crystalline solid.

2.2 Melting range. Paradichlorobenzene shall have an initial melting point no lower than 52.0°C and shall have a final melting point no higher than 54.0°C when tested in accordance with ASTM E 324 except that no standard sample will be necessary for comparison.

2.3 **Particle size.** Paradichlorobenzene shall have no more than 0 percent by weight retained on a 9.5-millimeter (3/8-inch) sieve and no less than 95 percent by weight retained on a 850-micrometer (No. 20) sieve when tested in accordance with ASTM D 502.

2.4 **Material Safety Data Sheets.** Material Safety Data Sheets for paradichlorobenzene shall be prepared and submitted by the contractor in accordance with FED-STD-313 (see 6.2).

3. REGULATORY REQUIREMENTS

3.1 Code of Federal Regulations. Paradichlorobenzene shall be registered in accordance with the Code of Federal Regulations, 40 CFR 162.

AMSC N/A FSC 6840

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

4. QUALITY ASSURANCE PROVISIONS

4.1 Contractor certification. The contractor shall certify, and maintain objective quality evidence, that the product offered meets this commercial item description, and that the product conforms to the producer's own drawings, specifications, standards, and quality assurance practices. The Government reserve the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

5. PACKAGING

5.1 Preservation, packing, labeling, and marking. Preservation, packing, labeling, and marking shall be as specified in the contract or order.

6. NOTES

6.1 Acquisition requirements. Acquisition documents must specify the title, number, and date of this commercial item description.

6.2 Material Safety Data Sheets. Contracting officers will identify those activities requiring copies of completed Material Safety Data Sheet prepared in accordance with FED-STD-313. The pertinent mailing addresses for submission of data are listed in FED-STD-313.

6.3 Sources of documents.

6.3.1 Federal standards. Federal standards are available from the Standardization Documents Order Desk, Building 4D, 700 Robbins Avenue, Philadelphia, PA 19111-5094.

6.3.2 Code of Federal Regulations. The Code of Federal Regulations is available from the Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402.

6.3.3 ASTM standards. ASTM standards are available from ASTM, 1916 Race Street, Philadelphia, PA 19103.

6.4 Comments or suggestions. Comments or suggestions pertaining to this commercial item description should be addressed to: Commander, U.S. Army Chemical Research, Development and Engineering Center, ATTN: SMCCR-PET-S, Aberdeen Proving Ground, MD 21010-5423, the preparing activity of this document. The preparing activity telephone number is 301-671-2502.
